### Filing Description:

RE: Long Term Insurance

Individual Policy Form Series: 3358, LT692, LT694

We are filing revised premium rates for your consideration and approval on the above captioned policy forms and riders when attached to the above base policy forms currently on file with your department.

All of these policy forms are guaranteed renewable long term care policy forms which are no longer being sold. These policy forms were generally sold from 1988 through 2004.

The projected lifetime claims and loss ratios for these forms are well in excess of original expectations, resulting in the requested rate increase. The attached Actuarial Memorandum contains justification for the rate increase as well as the revised premium rates.

We are requesting a 40% increase on policies with a non-lifetime benefit period and an 80% increase on policies with a lifetime benefit period. This rate increase is necessary because projected future morbidity has changed from what was anticipated when the most recent nationwide rate adjustment was requested in 2010. We notify policyholders 60 days in advance before implementing a rate increase so it is expected that this rate revision will be implemented approximately 70 days following the approval of this increase.

We will provide policyholders with options to downgrade coverage in order to help mitigate the impact of the rate increase, (including individualized options in their notification letter in all cases where the insured is not already on claim, or the policy is already at the lowest benefit period and highest elimination period). We will also provide policyholders with a toll free customer service number and let them know they can call us to discuss additional changes to their policy or ask any other questions they might have. Policyholders who choose to lapse their coverage within 120 days of the effective date of the rate increase will be provided with a contingent benefit upon lapse (nonforfeiture benefit).

## Objection Letter

Objection Letter Status	Info has been requested from company
Objection Letter Date	04/18/2014
Submitted Date	04/18/2014
Respond By Date	

Dear Beverly Toomey,

### **Introduction:**

As I mentioned on the phone yesterday, a new requirement has been added to our review. Attached is a NAIC's Executive/Plenary bulletin adopted on December 18, 2013. I have reviewed the filing to determine if it is or is not consistent with the bulletin. Here are our concerns:

In regards to the policyholder notice of the rate increase for pre-stabilization policies:

The bulletin requires a contingent benefit upon lapse benefit be offered to blocks of business for which the contingent benefit upon lapse is not otherwise required. Since this benefit is not bracketed in the letter, I am assuming this is the case but please verify. Please confirm for policies which have reached their twentieth duration, the company will provide the contingent benefit upon lapse without reference to the table of trigger percentages. For policies which have not reached their twentieth duration, any percentage value in excess of 100% will be reduced to 100%.

There should be clear disclosure addressing the guaranteed renewable nature of the policy and that the insured should understand that premium rates may increase again in the future. The letter states that this premium rate does not reflect any future rate increases that may occur but the disclosure regarding guaranteed renewability must be added.

Will the contingent benefit upon lapse benefit be offered at the time of each scheduled increase if the sum of all scheduled rate increases will ultimately trigger the offering of the contingent benefit upon lapse?

Please confirm this letter will be sent at least 60 days prior to the implementation of the premium rate schedule increase.

For our purposes, please be sure the policyholder letter refers to Medico rather than Ability on the signature line.

In regards to the new loss ratio standards for pre-rate-stability policy forms, please confirm compliance with the following:

- the greater of 60% or the lifetime loss ratio used in the original pricing, applied to the current rate schedule on the effective date of these new requirements; plus
- 80% applied to any premium increase that is filed after the date on an individual policy form

If the company is not complying with any of the above, please explain why.

No objections selected.

### **Conclusion:**

We apologize for this additional delay. The state of Virginia is very sensitive to feedback and comments we are receiving from our consumers and the strong national interest focused on rate increases for this product. As a result, our reviews are requiring more time and information to evaluate the filing before recommending approval. We shall be glad to reconsider this submission upon receipt of the information noted above. Should you need clarification of any of the information contained in this letter, please contact the undersigned.

Thank you for your courtesy and consideration in this matter.

## MODEL BULLETIN

DATE: [Insert Date]

TO: All Licensed Insurers Writing Long-Term Care Insurance

FROM: [Insert Name & Title]

RE: Announcement of Alternative Filing Requirements for Long-Term Care Premium Rate Increases

---

Effective *[insert date three (3) months after issuance of this bulletin]*, the following guidelines will be used in the review of pre-rate-stability and post-rate-stability premium rate adjustment filings for long-term care insurance policies. The intent of this bulletin is to address rate increases for long-term care insurance policies currently in force, in particular pre-rate-stability policies.

For purposes of this bulletin, “rate stability” is defined as provisions contained in the 2000 NAIC Long-Term Care Insurance Model Regulation (Model 641) as adopted by *[insert state name]* on *[insert date of adoption of Section 20 et al]*. Policies with effective dates prior to *[insert rate stability adoption date]* are referred to as “pre-rate-stability” policies, and policies with effective dates on or after *[insert rate stability adoption date]* are referred to as “post-rate-stability” policies.

**Drafting Note:** States may need to consider whether their state rules allow these provisions to be issued as a bulletin, or whether some or all of these provisions may require adoption through other state regulatory procedures.

### **Actuarial Assumptions for Establishing Rate Increase Requests:**

When rate adjustments are filed with the [Department] for both pre-rate-stability and post-rate-stability policy forms, it is the intent of the [Department] to work with the insurer, to the extent appropriate, to review the reasonableness of the set of assumptions by which to determine the rate increase(s) necessary to reach adequate ultimate premiums and that can be used to monitor developing experience. When disclosing assumptions to the [Department], the insurer will provide the resulting rate revision request at the same time so that the [Department] may include this in their review.

In assessing these assumptions as proposed by the insurer, the [Department] may use the services of an independent actuary and, if appropriate under state law, may charge the insurer for the costs of these services. The [Department] may also accept a review done by or for another state or states for the same or substantially the same policy form where any differences in benefits and premiums are not material and such review was completed within eighteen months of the date of the rate adjustment filing and such review substantially complies with the [Department]’s rate review standards.

The assumptions will be consistent with the following:

1. All present and accumulated values used to determine rate increases shall use the maximum valuation interest rate for contract reserves. The actuary shall disclose as part of the actuarial memorandum the use of any averages.
2. All accumulated values used to determine rate increases shall use the actual experience of the product in as close a manner to that used in the original development of rates as possible. This is not intended to preclude the inclusion of multiple policy forms into one rate increase determination if such pooling increases the credibility of the combined accumulated experience.
3. All present values calculated to determine rate increases shall use reasonable estimates of future premium payments and claims payments. Such estimates are to be part of the assumptions as anticipated above and, for post-rate-stability policies this would include a margin for moderately adverse experience, while for pre-rate-stability policies, this would be based on best estimate assumptions for the future lifetime of the policies, including potential margins.

**Drafting Note:** While not limiting each state's authority with respect to the approval of rate increases, the intention of the development of a set of assumptions is to increase the uniformity and fairness of premium rate schedule changes for all policyholders regardless of the state of issue of each policy or the current state of residence.

#### **Approval of Rate Increases:**

In approving rate increase requests for both pre-rate-stability policies and post-rate-stability policies consistent with the assumptions described in the section above, the [Department], with the concurrence of the insurer where such concurrence is appropriate, will determine ways in which the following may be included to benefit policyholders:

1. The [Department] may approve a single increase of the requested amount and the insurer agrees to not implement future rate increases on each subject policy for three years from the date of implementation of the rate increase for each policy form; or
2. In lieu of a single increase, the [Department] may approve a series of scheduled rate increases that are actuarially equivalent to the single amount requested by the insurer over the lifetime of the policy. The entire series would be approved at one time as part of the current rate increase filing. For pre-rate-stability policy forms, the approval includes a three-year monitoring provision similar to that currently applicable to post-rate-stability rate increases to allow modification of later increases that were not appropriate based on the experience following the initial rate increase. When determining the rate comparison for new business, forms subject to a series of increases shall not be included.

### **Requirement to Administer Contingent Benefit Upon Lapse:**

For pre-rate-stability policies, the [Department] will require the implementation of the contingent benefit upon lapse<sup>1</sup> as outlined below, as a condition of approval of a rate increase for a block of business for which the contingent benefit upon lapse is not otherwise required. The contingent benefit upon lapse is already required for post-rate-stability policies.

For both pre-rate-stability and post-rate-stability policies, if the rate increase is approved in a series of scheduled rate increases and the sum of all scheduled rate increases would ultimately trigger the offering of the contingent benefit upon lapse, the insurer will be required<sup>2</sup> to include contingent benefit upon lapse at the time of each scheduled increase.

For policies or certificates which have reached their twentieth duration, the [Department] may require the insurer to provide the contingent benefit upon lapse<sup>3</sup> without reference to the table of trigger percentages. For policies which have not reached their twentieth duration, any percentage value in excess of 100% will be reduced to 100%.

The insurer shall notify policyholders and certificate holders of the contingent benefit upon lapse when required by the [Department] in conjunction with the implementation of a rate increase.

### **Policyholder Notification of Premium Increase:**

The insurer shall file with the [Department] the premium increase notification letter to policyholders at the time of the premium rate increase for informational purposes. The insurer shall clearly disclose to policyholders the following elements:

1. the amount of the premium rate increase requested and implementation schedule (e.g., single premium increase applied or phased in a series of premium increases);
2. available benefit reduction/rate increase mitigation actions;
3. clear disclosure addressing the guaranteed renewable nature of the policy/coverage and that the insured should understand that premium rates may increase again in the future; and
4. offer of contingent benefit upon lapse, if applicable.

### **Application of New Loss Ratio Standards:**

The [Department] will require the insurer to limit the increase based on the use of a dual loss-ratio approach for pre-rate-stability policy forms. The recommended loss-ratio would be:

---

<sup>1</sup> A company may provide alternative nonforfeiture benefits in lieu of the benefit required by the contingent benefit upon lapse, if approved by the [Commissioner].

<sup>2</sup> Any such additional requirements, with respect to contingent benefit upon lapse, shall not change the determination of whether or not a majority of policies or certificates are eligible for contingent benefit upon lapse.

<sup>3</sup> A company may provide alternative nonforfeiture benefits in lieu of the benefit required by the contingent benefit upon lapse, if approved by the [Commissioner].

- the greater of 60% or the lifetime loss ratio used in the original pricing, applied to the current rate schedule on the effective date of these new requirements; plus
- 80% applied to any premium increase that is filed after that date on an individual policy form; or
- 75% applied to any premium increase that is filed on a group policy form.

For post-rate-stability policy forms, the current loss-ratio standards are unchanged.

**Consideration of New Approaches:**

At the request of the insurer, the [Department] may also consider other options which may be made available to insureds which may mitigate the impact of the rate increases on the insured population or alternative actuarial methodologies relating to the rate increase. The insurer shall provide an explanation and demonstration on how such methodology is actuarially justified and/or how such new mitigation option may reasonably benefit insureds. No alternative method/approach may be used until it has been accepted by the [Department].

## Objection Letter

Objection Letter Status Info has been requested from company  
Objection Letter Date 02/05/2014  
Submitted Date 02/05/2014  
Respond By Date

Dear Beverly Toomey,

### **Introduction:**

This is in reference to our telephone conversation today with Todd Moltumyr, ASA, MAAA regarding the policyholder letter. Based on our experience with consumers, the Bureau's management strongly feels the notification must include the full amount of the overall increase. The insured should be clearly informed so that he is aware of the impact of the three individual increases avoiding any potential confusion or misunderstanding.

We have suggested the letter be revised as follows:

The purpose of this letter is to notify you that the premium for the above policy is increasing \_\_\_\_%. This is not a premium notice; if you are a direct, paper bill mode you will receive a notice of premium due approximately 30 days before the premium is due. The \_\_\_\_% premium increase will be phased in over a three year period and your future premium rate(s) will be as follows:

\* The Semi-Annual renewal premium rate of \$1000.00 will become effective on 03/20/2014, for a percentage increase of 12.0%.

\* The Semi-Annual renewal premium rate of \$1120.00 will become effective on 03/20/2015, for a percentage increase of 12.0%.

\* The Semi-Annual renewal premium rate of \$1254.40 will become effective on 03/20/2016, for a percentage increase of 12.0%. Please note that this premium rate does not reflect any future rate increases that may occur.

### **Conclusion:**

We shall be glad to reconsider this submission upon receipt of the information noted above. Should you need clarification of any of the information contained in this letter, please contact the undersigned.

Thank you for your courtesy and consideration in this matter.

Sincerely,  
Janet Houser

## Objection Letter

Objection Letter Status Info has been requested from company  
Objection Letter Date 01/29/2014  
Submitted Date 01/29/2014  
Respond By Date

Dear Beverly Toomey,

### **Introduction:**

Thank you for the information provided in your phone message yesterday regarding the approved policy form numbers. So that the rates be submitted for approval, the following needs to be addressed:

1) On the Rate/Rule Schedule the "affected form numbers" must match exactly the form number as approved and the rate schedule should correspond to those form numbers.

Currently, the VA 2013 Rates -3358 lists 3358, UR2038, UR2048, UR275, and UR589R. The Rate Schedule lists MP-3358, UR2038, UR2048, UR275 (A, B, C), UR589R and UR204 (C,D,E). Please reattach the rates to include the full form number for MP-3358 and ADD UR204 which agrees with the Actuarial Memorandum. Also, please verify if the UR275 was approved as UR275 or was each segment: UR275A, UR275B, and UR275C approved as separate form numbers. This is also true for UR204. If the forms were approved with a letter at the end, please indicate such when listing the affected form numbers.

Currently, the VA 2013 Rates- LT692 lists LT692, UR295, UR295C, and UR592.. Please reattach rates to include the full form number for MI-LT692.

Currently, the VA 2013 Rates - LT694 lists LT694, UR268C, UR287. The Rate Schedule lists MP-LT694, UR268, ML-LT694, and UR273. Please reattach the rates to include the full form numbers for MP-LT694 and ML-LT694, UR268, and UR273 which agrees with the Actuarial Memorandum. Also, the memorandum refers to UR-AB-287. Please include that in the Affected Form Numbers and attach the appropriate rate schedule.

2) We have reviewed your comments regarding the policyholder notification letter and understand the company's position. The revised letter will be included in our recommendation for the rate approval.

3) The Rate Summary whose audience is the consumer, may not understand the very detailed and specific explanation provided. Since the policyholder letter is not being fully amended, we ask the Rate Summary include the suggested language regarding morbidity be added to the summary or words of similar import in a consumer friendly manner. If possible, please attach the narrative to the Rate Summary rather than as a separate attachment.

4) Please provide an updated grid of other state approvals of this rate increase.

5) Please move the revised Actuarial Memorandum submitted 1/24/14 to the L&H Actuarial Memorandum tab under Supporting Documentation.

### **Conclusion:**

We shall be glad to reconsider this submission upon receipt of the information noted above. Should you need clarification of any of the information contained in this letter, please contact the undersigned.

## Objection Letter

Objection Letter Status	Info has been requested from company
Objection Letter Date	01/22/2014
Submitted Date	01/22/2014
Respond By Date	

---

Dear Beverly Toomey,

### **Introduction:**

Thank you for your recent reply to our request for additional information and providing us with a copy of the policyholder letter. We have taken your comments regarding the letter under consideration; however, the Bureau still feels the reason for the rate increase is insufficient. The letter indicates premiums are increasing due to higher than anticipated claim payments expected over the lifetime of all policies like this one. As an indemnity policy, the benefit payment remains the same; and for that insured, it would be difficult to understand why higher claim payments would affect his policy. The Actuarial Memorandum indicates the future morbidity has changed from what was anticipated previously due to poorer experience than projected and higher pricing costs. The company also made an assumption individuals would become healthier due to advances in health care. We agree this is not that easy to put in consumer friendly terms. We suggest the following or using words of similar import:

Premium rates on your policy are being raised as a result of morbidity, or the incidence of illness in the population, being higher than initially anticipated. With a higher incidence of claims combined with the cost of care continuing to increase, premiums must be adjusted to ensure current and future claims are adequately funded.

We note the letter is on Ability Resources letterhead with a place to insert the company's name as well as at the end of signature line. Please provide us with a John Doe version that reflects Medico as that company.

As we previously discussed, the following is being amended to reflect a proposed rate increase of three 12% for non-lifetime benefits and three 22% increases for lifetime benefit policies:

Actuarial Memorandum  
Rate Schedules  
Rate Summary in a consumer friendly language

### **Conclusion:**

We shall be glad to reconsider this submission upon receipt of the information noted above. Should you need clarification of any of the information contained in this letter, please contact the undersigned.

Thank you for your courtesy and consideration in this matter.

Sincerely,  
Janet Houser

## Objection Letter

Objection Letter Status	Info has been requested from company
Objection Letter Date	12/31/2013
Submitted Date	12/31/2013
Respond By Date	

Dear Beverly Toomey,

### **Introduction:**

Thank you for your recent response. After further consideration, the Bureau of Insurance is willing to approve the rate increase in its entirety if phased in over a three year period. So that the rate increase may be approved, please provide the following:

1) An amended Actuarial Memorandum to reflect the implementation over a three year period. Also, please amend the certification language to state that to the best of the actuary's knowledge and judgment, the rate filing is in compliance with the applicable laws and regulations of this Commonwealth and the premiums are reasonable in relation to the benefits provided in accordance with 14VAC5-130-70 B 14.

2) Updated rate schedules for each time period attached to the Rate/Rule Schedule in SERFF.

3) Updated policyholder letter to state the ultimate rate increase, the premium for each time period and the specific date when such becomes effective. And after further review of the policyholder letter, we feel the second paragraph should be expanded to explain in more detail why claim payments are higher than anticipated in terms the consumer can easily understand. The letter refers to the Downgrade Option Return form. If form is not already approved, this can either be done as a separate filing or the company can amend this filing to include it. Any submitted form will need to comply with the filing requirements of Chapter 100 of the Virginia Administrative Code. If the form is already approved, please provide the form number as approved in Virginia, the SERFF tracking number and date of its approval.

4) Please complete the attached Rate Summary form. Our expectation is that the form would put into consumer friendly language a clear explanation of the justification for the rate increase. This should be fairly high level and not drill down deep into the details but at provide the assumptions and the changes that are driving the need for the increase.

### **Conclusion:**

We shall be glad to reconsider this submission upon receipt of the information noted above. Should you need clarification of any of the information contained in this letter, please contact the undersigned.

Thank you for your courtesy and consideration in this matter.

Sincerely,  
Janet Houser

Dear Beverly Toomey,

**Introduction:**

*We'll continue our review upon receipt of the company's responses to the following.*

*Please provide the historical experience and projected future experience separately for policies with lifetime vs. limited benefit periods. The historical breakdown by experience year and issue year is not required.*

*Please provide a sensitivity test of the loss ratio projections where the factor used to adjust the claim costs is 1.044 rather than 1.21 (based on the Actual/Expected Analysis provided in your latest response).*

**Conclusion:**

Sincerely,  
Bob Grissom

## Objection Letter

Objection Letter Status Disapproved  
Objection Letter Date 09/16/2013  
Submitted Date 09/16/2013  
Respond By Date

Dear Beverly Toomey,

### **Introduction:**

We'll continue our review upon receipt of the company's responses to the following.

1. The actuarial memorandum states that "over the past three years, the actual morbidity was approximately 1.21 times higher than indicated by the new claim cost guidelines." Please provide an actual to expected analysis for all past years where the expected is equal to 100% of the 2009 claim cost guidelines.
2. Please expand the chart in section 2 of the actuarial memorandum to show the data for Virginia policyholders split by policy form.
3. From the chart showing the rate increase history, it appears that for Form 694, Medico policyholders are paying approximately 44% higher premiums than the Ability policyholders in Virginia. Please address any inequity concerns in applying the requested rate increase of the same percentage to policyholders of both companies.
4. Please explain the difference in the projected Incurred Claims in the No Increase column vs. the W/ Rate Increase column.
5. Please explain why the indicated average rate increase in the Rate/Rule Schedule is stated to be 69.3% whereas the incurred premiums in the experience projections are only 65.2% higher.
6. Please explain why the actual earned premium in years 2010 – 2012 was significantly lower than projected in the 2010 filing.
7. The Company's 8/23/2013 response states, "The attached document details the actuarial justification for the different rate increase percentages being requested for the lifetime vs. non-lifetime benefit period policies." We were unable to locate this justification in any of the attached documents.
8. Please provide the issue date range of the policies issued in Virginia for each policy form. If any policies were issued in Virginia on or after 10/1/2003, please provide separate justification for those policies in accordance with 14VAC5-200-153.
9. As previously noted, all of the numeric information in the Rate/Rule Schedule tab under "Company Rate Information" for filing MDTP-129116517 should pertain only to the inforce policies of Medico Insurance Company and not be combined with the Ability Insurance Company policies.

### **Conclusion:**

Sincerely,  
Bob Grissom

## Objection Letter

Objection Letter Status Disapproved  
Objection Letter Date 08/14/2013  
Submitted Date 08/14/2013  
Respond By Date

Dear Beverly Toomey,

### **Introduction:**

*We'll continue our review upon receipt of the company's responses to the following.*

*Pursuant to the requirements of 14VAC5-130-75 A 2, the interest discount rate must be consistent with that assumed in the original determination of premiums in projections. The company cannot use a lower rate because it believes that rate is consistent with the valuation interest rate that applies to most policies covered under the forms included in this filing or is also consistent with current interest rates. Please revise all applicable exhibits accordingly.*

*As previously advised, each form to which the rate filing applies, should be listed separately in the "Rate/Rule Schedule" section of the filing, stating the amount of the proposed rate increase and attaching its proposed rate schedule. This includes any applicable rider forms. Please confirm that the company has complied with this requirement.*

*Regarding the company's response #15, please provide calculations that support the percentages stated.*

*The company is proposing a 40% increase on policies with a non-lifetime benefit period and an 80% increase on policies with a lifetime benefit period. Please confirm that it has included exhibits and detailed actuarial data that support both changes and not simply exhibits supporting an average 69.302% rate increase.*

*Please provide a copy of the policyholder notification letter that the company intends to send to all affected policyholders if the proposed rate increase is approved.*

*Please explain why the company rate information is exactly the same for both the Ability (SERFF # MDTP-129116517) and Medico (SERFF # MDTP-129116516) filings. Even though we understand that the company is combining the experience of the two blocks, the information in the company rate information should be specific to each applicable company.*

*Please advise why over 95% of the policies once covered by Medico Insurance Company have since novated over to Ability Insurance Company.*

*If approved, will the company consider phasing in the rate increase over a three year period?*

### **Conclusion:**

Sincerely,  
Bob Grissom

## Objection Letter

Objection Letter Status Disapproved  
Objection Letter Date 07/28/2013  
Submitted Date 07/28/2013  
Respond By Date

Dear Beverly Toomey,

### **Introduction:**

Prior to reviewing the company's filing, please ensure that it includes the following information. We'll continue our review upon receipt of the company's responses. Let me know if you have any questions.

All information required by 14 VAC 5-130-70 is provided based on the national and Virginia only experience separately.

Justification provided for all assumptions used in the projections.

An actual to expected analysis based on the original filing and, if applicable, on the projected experience in the prior filing.

The lifetime loss ratio anticipated in the original filing and, if applicable, an explanation why the current projected loss ratio is less than that originally anticipated.

Experience exhibits that include the earned premiums, paid claims, incurred claims and loss ratio for each calendar year from the date of the forms' inception through the most recent date that information is available; and, separate exhibits, and projections thereof, provided based on the Virginia only and national data.

Projections should be based on the discount rate assumed in the original determination of the premiums stated.

If prior rate increase has been approved for the forms in the filing, an explanation as to why an additional rate increase is needed and a comparison of the differences in the assumptions used in the prior filing with those actually experienced included.

Provide a separate calculation of the Lifetime Loss Ratio so that the historical premium component is restated to what it would be if the proposed premium had been charged (collected) since the forms' introduction.

Sufficient detail or documentation provided so that any projections can be recreated. Where applicable, excel files should be provided that show all calculations if available.

Advise in what states the company has requested rate increases on this block, how the rate changes requested in Virginia compare with those requested in other states, and the current status of the reviews in other states.

An explanation of what steps has the company taken to minimize rate increases on this block of business?

Please explain what, if any, margins are included in the proposed rates to ensure that future rate increases will not be needed presuming the experience develops as projected.

Explain if it is the intent of the company to not request any further rate increases if the proposed rate increase is approved and the experience develops as projected? If not, please explain.

Provide the anticipated future loss ratio where the numerator is equal to the anticipated incurred claims less the policy reserves, and the denominator is equal to the anticipated future earned premium.

---

**TOI/Sub-TOI:** LTC05I Individual Long Term Care - Nursing Home and Home Health Care/LTC05I.001 Qualified  
**Product Name:** 3358 et al  
**Project Name/Number:** /

*An explanation of and support for the statement that “This rate increase is necessary because projected future morbidity has changed from what was anticipated when the most recent nationwide rate adjustment was requested in 2010.”*

*Advise if the company addressed concerns raised in the prior rate filing.*

## Amendment Letter

Submitted Date: 04/17/2014

Comments:

As requested in our 4/17 phone conversation, I have submitted a Post Submission Update with the revised Company Rate Information on the Rate/Rule Schedule Tab. I have also changed the Percent Rate Change Request information shown in the Rate Schedule Section to match the percentage shown in the Company Rate Information Section. In addition, I have included the 2010 LTC Rate Increase State/SERFF Filing Number in the Rate Schedule Section.

Overall % Indicated Changed

**Comments:**

We have changed the Overall % Indicated Change to 288.5%. We derived this percentage by applying the maximum rate increase that would be allowed under the recently adopted NAIC Model Bulletin with regard to the Announcement of Alternative Filing Requirements for Long-Term Care Premium Rate Increases. Under this bulletin, insurers are required to limit the increase based on the use of a dual loss-ratio approach for pre-rate-stability policy forms. The recommended loss-ratio would be:

- the greater of 60% or the lifetime loss ratio used in the original pricing, applied to the current rate schedule on the effective date of these new requirements; plus
- 80% applied to any premium increase that is filed after that date on an individual policy form; or
- 75% applied to any premium increase that is filed on a group policy form.

Response to 1-30-2014 Note to Filer

**Comments:**

We are not 100% certain how Rider UR204 (UR204C, UR204D, UR204E) was originally filed and approved since we do not have the original filing. However, there are no longer any inforce policies with Rider UR204 attached so we have decided to remove the rates from our rate sheets. I have removed Rider 204 from the Affected Form Numbers and attached revised rate sheets for Form 3358 on the Rate/Rule Schedule Tab.

A revised Rate Memorandum with Rider UR204 removed is attached on the Supporting Documentation Tab.

There is a factor at the bottom of the MP-LT694/ML-LT694 rate sheets for Rider UR-AB-287.

Also, we have decided to leave the explanation wording on the Rate Summary the same as we previously submitted on 1-29-2014.

Rate Schedules

**Comments:**

I apologize if I'm not clear regarding what is needed for the rate schedules. The policy form numbers must match exactly as to how the form was approved. I am assuming that because the UR275 form attached to policy MP-3358 has now been listed as UR275A, UR275B and UR275C, this is how the forms were approved and the same should hold true for form UR204 which was listed in the rate attachment as UR204C, UR204D, and UR204E. If that is the case, please amend the Rate/Rule Schedule accordingly.

I also note that UR-AB-287 was added to the Rate/Rule Schedule with policy form MP-LT694. We asked this be added because the Actuarial Memorandum referred to this form. We note, however, there are no rates included for this form. If there are no rates associated with this form, please remove it from the affected form numbers.

Thank you for the changes made to the Rate Summary. It was not our intention, however, for the company to remove the explanation had provided. We simply suggested additional wording be added.

If you have any questions, please feel free to call me at 804-371-9390.

Rate Schedules

**Comments:**

There appears to be inconsistencies between the Actuarial Memorandum and the Rate Schedules:

Under item 3. Benefits in the Actuarial Memorandum there are rider forms UR2038, UR2048, UR275 and UR589R available with policy form 3358. The rate attachment include UR204.

The rate schedule includes under Policy Form LT692 the riders UR295, UR295C, and UR592; however, the memorandum does not refer to these policy forms.

The memorandum indicates riders forms UR268C and UR287 are available under policy form LT694. The rate schedule includes UR268 and UR273.

Please explain the discrepancies and amend the actuarial memorandum and/or rate schedule to resolve these inconsistencies.

**Minimum Requested Percentage Rate Change Per Member:** 40.5%

**Maximum Requested Percentage Rate Change Per Member:** 81.5%

+

Summary of the Bureau of Insurance's review of the rate request:

The Company has submitted a rate increase request that varies by benefit period. Policies with limited benefit periods will receive an increase of 12% per year for three years, for a total of 40.5%. Policies with unlimited benefit periods will receive an increase of 22% per year for three years, for a total of 81.5%. The average increase for all policies is 69.3%. Since all of the policies were issued prior to the effective date of the rate stabilization requirements (10/1/2003), we have reviewed this filing pursuant to the requirements of 14VAC5-200-150 and 14VAC5-130-70. This increase would apply to the 51 policies in force in Virginia as of 12/31/2012. The company provided its assumptions, historical experience and future projections of claims and premium both on a nationwide and Virginia-only basis. All of the projected loss ratios exceed the statutory minimums. We have reviewed the data for consistency and reasonableness and where data was found inconsistent or unreasonable, clarification was requested. We have utilized generally accepted actuarial methodologies in arriving at our opinion and confirm this increase is in compliance with applicable Virginia laws and regulations.

This document is intended to help explain the rate filing and it is only a summary of the company's request. It is not intended to describe or include all factors or information considered in the review process. For more detailed information, please refer to the complete filing.

Actuarial review requested 08/25/2013, 10/9/2013 & 12/15/13

approve 12.16.13

1.31.14 - revised approval due to 3 yr implementation

#### 9.16.14 - correction to overall rate increase impact

9.25.14 - recommendation revised to include NAIC bulletin compliance

September 9, 2013

Mr. Bob Grissom  
Supervisor, Forms and Rates Section  
Life and Health Division  
State Corporation Commission, Bureau of Insurance  
P. O. Box 1157  
Richmond, VA 23218

Subject: **Medico Insurance Company**  
**SERFF Tracking # MDTP-129116516**  
**Policy Forms 3358, 692, 694**

Dear Bob:

At your request, we have reviewed the filing for the above captioned submission from Medico Insurance Company (the "Company"). This is a rate increase filing pursuant to the requirements of 14VAC5-200-150 for Individual Long Term Care Insurance plans written under policy forms 3358, 692 and 694 along with associated riders. These policy forms are no longer available for sale in Virginia.

### **Recommendation**

After review of the Company's submission, we suggest the Virginia SCC Bureau of Insurance (the "Bureau") request additional information as follows:

1. The actuarial memorandum states that "over the past three years, the actual morbidity was approximately 1.21 times higher than indicated by the new claim cost guidelines." Please provide an actual to expected analysis for all past years where the expected is equal to 100% of the 2009 claim cost guidelines.
2. Please expand the chart in section 2 of the actuarial memorandum to show the data for Virginia policyholders split by policy form.
3. From the chart showing the rate increase history, it appears that for Form 694, Medico policyholders are paying approximately 44% higher premiums than the Ability policyholders in Virginia. Please address any inequity concerns in applying the requested rate increase of the same percentage to policyholders of both companies.
4. Please explain the difference in the projected Incurred Claims in the No Increase column vs. the W/ Rate Increase column.
5. Please explain why the indicated average rate increase in the Rate/Rule Schedule is stated to be 69.3% whereas the incurred premiums in the experience projections are only 65.2% higher.
6. Please explain why the actual earned premium in years 2010 – 2012 was significantly lower than projected in the 2010 filing.
7. The Company's 8/23/2013 response states, "The attached document details the actuarial justification for the different rate increase percentages being requested for the lifetime vs.

- non-lifetime benefit period policies.” We were unable to locate this justification in any of the attached documents.
8. Please provide the issue date range of the policies issued in Virginia for each policy form. If any policies were issued in Virginia on or after 10/1/2003, please provide separate justification for those policies in accordance with 14VAC5-200-153.
  9. As previously noted, all of the numeric information in the Rate/Rule Schedule tab under “Company Rate Information” for filing MDTP-129116517 should pertain only to the inforce policies of Medico Insurance Company and not be combined with the Ability Insurance Company policies.

Once this information is received, we can continue our review.

### **Analysis**

The Company has submitted a rate increase request ranging from 40% for limited benefit periods to 80% for unlimited benefit periods with an average increase of 69.3%. The Company has provided all of the certifications required by 14VAC5-200-150 in support of their request for a rate increase. However, in reviewing the submission, we have several areas where we feel that more detail is required.

The Company has modified its assumptions for future claim costs based on the 2009 Milliman Claim Cost Guidelines modified by their historical experience over the last three years. We believe that additional historical data should be reviewed in developing the modification factors and have therefore requested that the Company provide historical A/E analysis vs. the 2009 Milliman Claim Cost Guidelines.

The premium history chart in section 6 of the actuarial memorandum shows that the previous rate increases approved in Virginia for Medico differ from those approved for Ability. Since the Company is combining the experience of these two companies for purposes of this rate increase request, we feel that this issue should be addressed.

As part of the review, we recalculated the loss ratio projections using the data supplied by the Company and, as a result, a couple of questions were raised. The first relates to the difference in incurred claims projections with and without the increase. This could possibly be related to waiver of premium claims, but we have asked the Company to provide an explanation. The other item relates to the difference in projected premiums. In years 2016 and beyond, the earned premiums are projected to be 65.2% higher after the increase. However, the filing indicates the average rate increase is 69.3%, so we have asked for clarification.

Another experience exhibit provided by the Company showed the actual claims and premiums for the years 2010-2012 compared to the projected values for those years from the 2010 rate increase filing. While the actual claims are approximately 11% higher than projected, the premiums are about 15% lower than projected. We would like the Company to provide an explanation of why the premiums were significantly lower than projected.

Since the Company has requested increases which vary by length of benefit period, some documentation should be submitted to support the different increase amounts. Though this was noted in the Bureau’s previous objection and the Company stated that such documentation was included, we were unable to locate the information in the SERFF record.

While no mention was made in the filing of the rate-stability regulations, we could not locate the issue dates for these policies, so we have asked the Company to verify that none were issued after 9/30/2003.

Also as previously noted by the Bureau, the information related to premiums and premium increases on the Rate/Rule Schedule should be only for the company covered under this particular filing and not the combined total of the two companies.

### **Reliance and Qualifications**

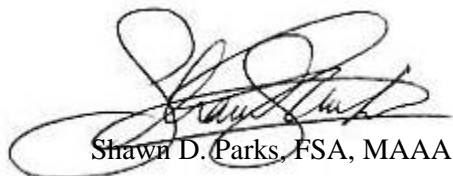

We are providing this letter to you to communicate our findings regarding the filing under consideration. Distribution of this letter to parties other than the Bureau by us or any other party does not constitute advice by us to those parties. The reliance of parties other than the Bureau on any aspect of our work is not authorized by us and is done at their own risk.

In arriving at our opinion, we used and relied on information provided by the Company and the Bureau without independent investigation or verification. If this information is inaccurate, incomplete, or out of date, our findings and conclusions may need to be revised. While we have relied on the data provided without independent investigation or verification, we have reviewed the data for consistency and reasonableness. Where we found the data inconsistent or unreasonable, we have requested clarification.

We have utilized generally accepted actuarial methodologies in arriving at our opinion. I am a member of the American Academy of Actuaries and meet that body's Qualification Standards to render this opinion.

If you have any questions regarding this filing, please call me at 803-994-9895.

Sincerely,

Shawn D. Parks, FSA, MAAA

State Corporation Commission, Bureau of Insurance  
P. O. Box 1157  
Richmond, VA 23218

Subject: **Medico Insurance Company**  
**SERFF Tracking # MDTP-129116516**  
**Policy Forms 3358, 692, 694**

Dear Bob:

At your request, we have continued our review of the filing for the above captioned submission from Medico Insurance Company (the "Company"). This is a rate increase filing pursuant to the requirements of 14VAC5-200-150 for Individual Long Term Care Insurance plans written under policy forms 3358, 692 and 694 along with associated riders. These policy forms are no longer available for sale in Virginia.

### **Recommendation**

After review of the Company's submission, we believe that the Company has provided all of the information required by 14VAC5-200-150 and that the information provided sufficiently demonstrates that the benefits are deemed reasonable in relation to premiums pursuant to 14VAC5-150.B. We therefore recommend that the Virginia SCC Bureau of Insurance (the "Bureau") approve the proposed rates.

### **Analysis**

The Company has submitted a rate increase request ranging from 40% for limited benefit periods to 80% for unlimited benefit periods with an average increase of 69.3%. The Company has confirmed that all policies were issued under these policy forms prior to 10/1/2003 and therefore not subject to the rate stability regulations. The Company has provided all of the certifications required by 14VAC5-200-150 in support of their request for a rate increase.

The Company provided the sensitivity tests requested with the lower claims factor and the loss ratios were as follows:

Time period	Future Loss Ratio	Lifetime Loss Ratio
With 1.21 claims factor	146.4%	82.2%
With 1.044 claims factor	135.4%	79.6%
Considering Active Life Rsv	74.6%	

All of the above ratios are in excess of the minimum loss ratio of 60%.

The Company was unable to provide a full projection of the lifetime and non-lifetime benefit periods separately due to systems constraints, but the recent experience from 2010-2013 shows a higher actual to expected ratio for the lifetime benefit plans, which is consistent with the request for a larger increase on the lifetime benefit plans.

### Reliance and Qualifications

We are providing this letter to you to communicate our findings regarding the filing under consideration. Distribution of this letter to parties other than the Bureau by us or any other party does not constitute advice by us to those parties. The reliance of parties other than the Bureau on any aspect of our work is not authorized by us and is done at their own risk.

In arriving at our opinion, we used and relied on information provided by the Company and the Bureau without independent investigation or verification. If this information is inaccurate, incomplete, or out of date, our findings and conclusions may need to be revised. While we have relied on the data provided without independent investigation or verification, we have reviewed the data for consistency and reasonableness. Where we found the data inconsistent or unreasonable, we have requested clarification.

We have utilized generally accepted actuarial methodologies in arriving at our opinion. I am a member of the American Academy of Actuaries and meet that body's Qualification Standards to render this opinion.

If you have any questions regarding this filing, please call me at 803-994-9895.

Sincerely,

Shawn D Parks, FSA, MAAA

**Policy Forms 3358, 692, 694**

Dear Bob:

At your request, we have continued our review of the filing for the above captioned submission from Medico Insurance Company (the "Company"). This is a rate increase filing pursuant to the requirements of 14VAC5-200-150 for Individual Long Term Care Insurance plans written under policy forms 3358, 692 and 694 along with associated riders. These policy forms are no longer available for sale in Virginia.

### **Recommendation**

After review of the Company's submission, we believe that the Company has provided all of the information required by 14VAC5-200-150 and that the information provided sufficiently demonstrates that the benefits are deemed reasonable in relation to premiums pursuant to 14VAC5-150.B. We therefore recommend that the Virginia SCC Bureau of Insurance (the "Bureau") approve the proposed rates.

### **Analysis**

The Company has submitted a rate increase request that varies by benefit period. Policies with limited benefit periods will receive an increase of 12% per year for three years, for a total of 40.5%. Policies with unlimited benefit periods will receive an increase of 22% per year for three years, for a total of 81.5%. The average increase for all policies is 69.3%. The Company has confirmed that all policies were issued under these policy forms prior to 10/1/2003 and therefore not subject to the rate stability regulations. As discussed in previous reviews, the Company has provided all of the certifications and demonstrations required by 14VAC5-200-150 in support of their request for a rate increase.

## **Reliance and Qualifications**

We are providing this letter to you to communicate our findings regarding the filing under consideration. **Policy Forms 3358, 692, 694**

Dear Bob:

At your request, we have continued our review of the filing for the above captioned submission from Medico Insurance Company (the "Company"). This is a rate increase filing pursuant to the requirements of 14VAC5-200-150 for Individual Long Term Care Insurance plans written under policy forms 3358, 692 and 694 along with associated riders. These policy forms are no longer available for sale in Virginia.

### **Recommendation**

After review, we believe that the Company is in compliance with the requirements laid out in the LTC Model Bulletin adopted by the NAIC Exec/Plenary on December 18, 2013 ("Model Bulletin").

### **Analysis**

The analysis for this memo was limited to compliance with the Model Bulletin. The Company's April 21, 2014 memo responded to inquiries from the Virginia SCC Bureau of Insurance (the "Bureau") related to the Model Bulletin.

The Company confirmed that they were offering contingent benefit upon lapse to all policyholders, regardless of the amount of increase, except the three Virginia policyholders which were eligible for a return of premium benefit upon lapse.

The Company is also making additional disclosures to the policyholders regarding the guaranteed renewable nature of the contract and what that means.

Finally, the new dual loss ratio standards are met with the requested rate increases with a projected lifetime loss ratio of 79.6%.

## **Reliance and Qualifications**

RATE DESCRIPTION

Annual Premium Rates Per Individual  
As a factor of policy and other rider premium

The original premium rate per unit at time of issue for this benefit was calculated using the above factor and rounded to the nearest dollar. All subsequent approved rate changes were applied to that original rounded premium rate per unit. Thus, the actual premium rate for this rider may vary slightly from the premium rate that would be calculated using the above factors.

RATE DESCRIPTION

Annual Premium Rates Per Individual  
As a factor of policy and other rider premium

The original premium rate per unit at time of issue for this benefit was calculated using the above factor and rounded to the nearest dollar. All subsequent approved rate changes were applied to that original rounded premium rate per unit. Thus, the actual premium rate for this rider may vary slightly from the premium rate that would be calculated using the above factors.

RATE DESCRIPTION

Annual Premium Rates Per Individual  
As a factor of policy and other rider premium

The original premium rate per unit at time of issue for this benefit was calculated using the above factor and rounded to the nearest dollar. All subsequent approved rate changes were applied to that original rounded premium rate per unit. Thus, the actual premium rate for this rider may vary slightly from the premium rate that would be calculated using the above factors.

RATE DESCRIPTION

Annual Premium Rates Per Individual  
As a factor of policy and other rider premium

The original premium rate per unit at time of issue for this benefit was calculated using the above factor and rounded to the nearest dollar. All subsequent approved rate changes were applied to that original rounded premium rate per unit. Thus, the actual premium rate for this rider may vary slightly from the premium rate that would be calculated using the above factors.

RATE DESCRIPTION

Annual Premium Rates Per Individual  
As a factor of policy and other rider premium

The original premium rate per unit at time of issue for this benefit was calculated using the above factor and rounded to the nearest dollar. All subsequent approved rate changes were applied to that original rounded premium rate per unit. Thus, the actual premium rate for this rider may vary slightly from the premium rate that would be calculated using the above factors.

RATE DESCRIPTION

Annual Premium Rates Per Individual  
As a factor of policy and other rider premium

The original premium rate per unit at time of issue for this benefit was calculated using the above factor and rounded to the nearest dollar. All subsequent approved rate changes were applied to that original rounded premium rate per unit. Thus, the actual premium rate for this rider may vary slightly from the premium rate that would be calculated using the above factors.

RATE DESCRIPTION

Annual Premium Rates Per Individual  
As a factor of policy and other rider premium

The original premium rate per unit at time of issue for this benefit was calculated using the above factor and rounded to the nearest dollar. All subsequent approved rate changes were applied to that original rounded premium rate per unit. Thus, the actual premium rate for this rider may vary slightly from the premium rate that would be calculated using the above factors.

Medico™ Insurance Company (formerly Mutual Protective Ins Co)  
Ability Insurance Company (formerly Medico™ Life Insurance Company)  
Omaha, Nebraska  
Actuarial Memorandum - Individual A&H Rate Filing  
Virginia Long Term Care Policy Forms and Riders  
Virginia

1. Purpose of Filing

The purpose of this filing is to demonstrate that the anticipated lifetime loss ratio of these forms meets the minimum state requirements in light of the included rate increase request. It is not intended for any other purpose.

2. Scope of Filing

This filing applies to the Virginia Long Term Care Policy Forms and Riders as shown in the 'Benefits' section. The forms were marketed by independent agents but are not available for sale anymore. This rate revision applies only to inforce business. We are requesting three 12% increases on policies with a non-lifetime benefit period and three 22% increases on policies with a lifetime benefit period. These increases would be implemented at one year intervals. The distribution of inforce business (excluding policies in paid up status) as of 12/31/2012 is as follows:

	Benefit Period	Inforce Policies	Inforce Annual Premium	Avg. Annual Premium (Current Rates)	Avg. Annual Premium (Proposed Rates)
Virginia	Non-Lifetime	71	\$ 138,513	\$1,951	\$2,731
Virginia	Lifetime	156	\$ 379,369	\$2,432	\$4,378
Nationwide	Non-Lifetime	15,248	\$29,576,600	\$1,940	\$2,716
Nationwide	Lifetime	22,239	\$50,218,237	\$2,258	\$4,064

Please note that the variation in each state's average annual premium is impacted by many factors. Examples of such factors - both demographic and policy benefit choices - include average issue age, average daily benefit amount, prevalence of inflation protection, distribution of benefit periods and elimination periods, optional benefits chosen, percentage of policies with marital discounts and underwriting factors, etc.

Note that prior to 2010, separate Actuarial Memoranda by company was filed in your state. We believe it is appropriate to combine both companies into one Actuarial Memorandum in this filing. The reason for this is that the vast majority of policies have novated from Medico Insurance Company to Ability Insurance Company. This means that the experience exhibits by company would look unusual due to some policyholders being included with Medico Insurance Company data for most years and then being included with Ability Insurance Company data beginning in 2009. Currently, over 95% of policyholders that were once covered by Medico Insurance Company have since novated over to Ability Insurance Company. Because of these reasons, and the fact that the policy forms included in this filing are essentially identical for both companies, we believe it is appropriate to combine the experience of both companies for this filing.

3. Benefits

These policies and corresponding riders cover Long Term Care expenses and have been grouped for rating purposes.

**Policy Form 3358 and Rider Forms UR2038, UR2048, UR275, and UR589R:** Developed in the latter part of 1987, Form 3358 provides benefits for Nursing Home Care and Adult Day Care. The policy also has a provision for Waiver of Premium. The policy pays \$20 a day for maximum of 180 days of Adult Day Care. Four riders were optionally available. UR2048 provides inflation protection (Nursing Home Care Only). UR275 deletes the occurrence maximum and increases the lifetime maximum to 5, 10, or unlimited years. UR2038 and UR589R provide Home Health Care benefits.

**Policy Form LT692 and Rider Forms UR592, UR295, and UR295C:** Developed in 1992, Form LT692 provides benefits for Nursing Home Care and Adult Day Care. The policy also has provisions for Waiver of Premium and Survivorship (if both husband and wife have LT692 policies). Additional benefits include bed reservation, alternate plan of care, deferred purchase of inflation coverage, and extended period of reinstatement due to a lapse related to cognitive impairment suffered at time of lapse. The policy pays a daily benefit for Nursing Home Care and Adult Day Care up to 33% of the policy daily benefit. The UR592 provides benefits for Home Health Care. UR295 increases the Nursing Home daily benefit by 5% of the original daily benefit. UR295C increases the Nursing Home daily benefit by 5% of the previous year's daily benefit.

Medico™ Insurance Company (formerly Mutual Protective Ins Co)  
Ability Insurance Company (formerly Medico™ Life Insurance Company)  
Omaha, Nebraska  
Actuarial Memorandum - Individual A&H Rate Filing  
Virginia Long Term Care Policy Forms and Riders  
Virginia

**Policy Form LT694 and Rider Forms UR268, UR273 and UR-AB-287:** Developed in 1996, Form LT694 provides benefits for Nursing Home Care, Alternative Care, Assisted Living Care, and Adult Day Care. The policy also has provisions for Waiver of Premium. Additional benefits include care giver training, bed reservation, extended period of reinstatement due to a lapse related to cognitive impairment suffered at time of lapse, and restoration of benefits. The policy pays a daily benefit for Nursing Home Care, Alternative Care, Assisted Living up to 50% of the policy daily benefit (80% if care coordinator used), and Adult Day Care up to 50% of the policy daily benefit and lifetime maximum. UR268 increases the policy daily benefit by 5% of the previous year's daily benefit. UR273 is a return of premium rider. UR-AB-287 removes the non-duplication of Medicare benefits.

4. Rate Increase Request, Reasons for and Expected Effect on Premiums

We are requesting three 12% increases on policies with a non-lifetime benefit period and three 22% increases on policies with a lifetime benefit period. These increases would be implemented at one year intervals. We notify policyholders 60 days in advance before implementing a rate increase so it is expected that this rate revision will be implemented approximately 70 days following the approval of this increase.

This rate increase is necessary because projected future morbidity has changed from what was anticipated when the most recent nationwide rate adjustment was requested in 2010. There are several reasons for this change in projected future morbidity:

- The actual 2010-2012 morbidity experience is considerably poorer than projected experience from the 2010 rate increase filing that was submitted in your state.
- New claim cost guidelines were implemented to better reflect future expected experience. These new claim costs are generally higher than the original pricing claim costs.
- Actual versus expected experience was analyzed for each block of business and morbidity adjustment factors were developed. Over the past three years, the actual morbidity was approximately 1.21 times higher than indicated by the new claim cost guidelines. The projection grades that factor down to about 1.02 over the next 15-20 years.
- Morbidity improvement of 0.5% per year was also assumed in the projection to account for the expectation that individuals will become healthier due to advances in health care.

The larger requested increase on our lifetime benefit period policies is due to inequities between our current premium rates by benefit period and the claims experience on the lifetime benefit plan. Furthermore, the new claim cost guidelines are consistent with the past experience of lifetime benefit period policies vs. non-lifetime benefit period policies.

Please note that we are not attempting to recoup past losses for the poor 2010-2012 experience. This rate increase is solely intended to get experience back in line with what was projected in our 2010 rate increase filing for years 2013 and forward. An exhibit comparing the projection from our 2010 filing with our current projection of future business is attached.

We intend to reduce the potential burden of this rate increase by offering policyholders the option to downgrade their coverage to keep the premium rate more affordable. Most policyholders will receive pre-programmed downgrade offers in the rate increase notification letter that would allow them to reduce their premium rate by choosing to increase their elimination period or decrease their benefit period. Policyholders will also be informed that they may call in to our customer service line to discuss other downgrade options as well if they would like to lower their premium rate. It is likely, in many cases, that policyholders who choose to downgrade from a lifetime benefit period could end up paying approximately what they pay today after the increase. Premium rates for lifetime benefit period plans are roughly 15-20% higher than rates for five year benefit period plans and 25-30% higher than rates for four year benefit period plans. Four and five year benefit periods are still rich plans that provide substantial long term care benefits.

As we did when rates were increased in 2010, we will again be providing a contingent non-forfeiture benefit to all policyholders regardless of whether or not their policy covers this benefit. This non-forfeiture benefit would be in the form of a shortened benefit maximum amount/period equal to the amount of premium the policyholder paid in over the lifetime of the policy should the policyholder lapse coverage within 120 days

Medico™ Insurance Company (formerly Mutual Protective Ins Co)  
Ability Insurance Company (formerly Medico™ Life Insurance Company)  
Omaha, Nebraska  
Actuarial Memorandum - Individual A&H Rate Filing  
Virginia Long Term Care Policy Forms and Riders  
Virginia

following the effective date of the rate increase. This benefit will not be reduced by prior claims, although the maximum non-forfeiture benefit will be limited to the remaining maximum benefit amount under the policy.

We recognize this is a large increase to request at one time. We believe it is in the policyholder's best interest to know up front how much of an increase is necessary as it allows them to make an informed decision regarding keeping their current level of coverage inforce, downgrading their policy to lower their premium or choosing the non-forfeiture option. Any delay in this filing via staged partial implementation schedules or because of reductions in the proposed rates, would likely magnify the cumulative total rate increase percentage needed over time for this group of policies.

5. Rate Justification Standard - Minimum Loss Ratio

This filing demonstrates that both the projected future loss ratio and the anticipated lifetime loss ratio are higher than the minimum loss ratio required for long term care policy forms.

6. Rate Increase History

Shown below are the approval dates and the percentage of past rate increases in your state:

Date	3358	692	694
05/07/02	20% / n/a	20% / n/a	20% / 0%
09/02/04	20% / n/a	20% / n/a	20% / 20%
07/10/06	10% / n/a	20% / n/a	20% / 0%
4/21/11**	31.8%	31.8%	31.8%

\* Rate increases for policies originally issued by Medico Insurance Company are shown on the left side and rate increases for policies originally issued by Ability Insurance Company are shown on the right. The "n/a" is shown for forms in which there are no inforce policies for that form and company in your state.

\*\* The 2010 rate increase ranged from 10.0%-40.0% depending on the issue age. The overall average rate increase was 31.8%.

7. Projection Assumptions

The following assumptions were used in order to generate the present value of future premium and claims and their loss ratio.

a. Assumptions that are unchanged from the 2010 rate filing:

Interest - An effective annual rate of interest of 4.50% has been assumed for accumulating past experience and discounting projected future experience.

Terminations – The 1994 GAM mortality table along with an annual voluntary termination rate of 1.5% have been assumed for projecting the inforce into the future.

Experience Data Credibility - The requested rate revision is based on nationwide experience since that gives us the maximum credibility.

b. Assumptions that have been revised since the 2010 rate filing:

Claim Cost Guidelines – Morbidity costs were projected based on claim costs from the 2009 Milliman Long Term Care guidelines with adjustments for actual experience.

A/E Adjustments – Actual versus expected experience was analyzed for each block of business and morbidity adjustment factors were developed. Over the past three years, the actual morbidity was approximately 1.21 times higher than indicated by the new claim cost guidelines. The projection grades that factor down to about 1.02 over the next 15-20 years.

Medico™ Insurance Company (formerly Mutual Protective Ins Co)  
Ability Insurance Company (formerly Medico™ Life Insurance Company)  
Omaha, Nebraska  
Actuarial Memorandum - Individual A&H Rate Filing  
Virginia Long Term Care Policy Forms and Riders  
Virginia

Morbidity Improvement – Morbidity improvement of 0.5% per year was assumed in the projection to account for the expectation that individuals will become healthier due to advances in health care.

Premium Rate Increase - The actual effective dates of the rate increase nationwide will vary depending on state approval dates. For projection purposes, the average nationwide requested premium rate revision of 40% on policies with a non-lifetime benefit period and 80% on policies with a lifetime benefit period has been assumed with a beginning effective date of October 1, 2013 and graded in over five quarters. For all years thereafter, no annual rate increases have been assumed.

#### 8. Past Experience

The attached exhibit shows the past experience for the business. The experience is through December 31, 2012 and is based on nationwide experience. The return of premium riders were excluded from the experience. The accumulated value of past earned premium is \$2,573,665,648 and the accumulated value of past incurred claims is \$1,607,061,105. This results in a loss ratio of 62.4%.

#### 9. Projected Future Experience

The future experience has been generated for 50 years using the business in force as of December 31, 2012. Adjustments have been made to the experience by applying the termination rates and rate increase assumptions as shown in the Projection Assumptions section. The present value of future earned premium is \$790,385,437 and the present value of future incurred claims is \$1,156,961,406. This results in a loss ratio of 146.4%.

This filing is intended to return the future experience of this block to the level projected in 2010. As shown in the attached exhibit, this rate increase, if approved as assumed would result in the following as compared to the 2010 filing:

Projection Years 2013+	2010 Filing	Current Projection Without Increase	Current Projection With Increase
PV Future EP (in millions)	\$558.9	\$516.2	\$790.4
PV Future Claims (in millions)	\$922.8	\$1,139.2	\$1,157.0
PV Future (EP – Claims) (in millions)	-\$363.9	-\$623.1	-\$366.6

#### 10. Anticipated Lifetime Loss Ratio

The anticipated lifetime loss ratio is defined as the sum of the present value of past and projected incurred claims divided by the sum the present value of past and future earned premium. These values are summarized below:

Experience Period	Earned Premium	Incurred Claims	Loss Ratio
Past Years	2,573,665,648	1,607,061,105	62.4%
Projected Future	790,385,437	1,156,961,406	146.4%
Anticipated Lifetime	3,364,051,085	2,764,022,511	82.2%

The projected future loss ratio and the anticipated lifetime loss ratio are both greater than the required minimum loss ratio of 60%. This demonstrates that the premium and claims experience meets the minimum loss ratio requirements.

11. Actuarial Certification

I hereby certify that, to the best of my knowledge and judgment, the rate filing is in compliance with the applicable laws and regulations of this Commonwealth and the premiums are reasonable in relation to the benefits provided in accordance with 14VAC5-130-70 B 14.

# Ability/Medico Insurance Companies

Nationwide Experience - All Forms Receiving a Rate Increase - Incurred Claims are Without Changes in Active Life Reserves

Experience Starting January 1, 2013 Forward

## Projection Assumptions

Projection Starting Date: 1/1/2013

Rate Increase Beginning Implementation Date: 10/1/2013

Nationwide Rate Increase: 40% for Non-Lifetime BP, 80% for Lifetime BP

Lapse/Mortality: 1.5% Voluntary Lapse + 1994 GAM Mortality

Interest Rate: 4.50%

Shock Lapse: 0.00%

Claim Antiselection: 0.00%

RE: Representative Authorization

Ability Insurance Company hereby authorizes the following employees of Ability Resources, Inc. to act as representatives on behalf of Ability Insurance Company as follows:

Name	Action on Behalf of Ability Insurance Company
Linda Atwood	Communications with regulatory agencies and regulatory filings
David Charsky	Communications with regulatory agencies and regulatory filings
Jeffrey Goos	Communications with regulatory agencies and regulatory filings
Todd Moltumyr	Communications with regulatory agencies and premium rate increase filings
Raymond Nelson	Communications with regulatory agencies and premium rate increase filings
Donald Peeler	Communications with regulatory agencies and regulatory filings
Jeffrey Stewart	Communications with regulatory agencies and regulatory filings
Beverly Toomey	Communications with regulatory agencies and regulatory filings
Terri Tripp	Communications with regulatory agencies and regulatory filings

This authorization may be duplicated and/or sent via email and facsimile transmission. The information that Ability Resources, Inc. obtains is only to be used in the servicing of Ability Insurance Company and shall be in effect from the start date of this request until revoked in writing by an authorized officer of Ability Insurance Company.

Should you have any questions concerning this authorization, please contact me at (914) 393-2462. Thank you for your assistance in this matter.

Sincerely,

Ability Insurance Company  
Kenneth King  
President and Chief Executive Officer

**Subject: Long Term Care Insurance Rate Filing – Objection Dated July 28, 2013**

---

This memo is in response to the captioned Objection Letter from Bob Grissom of the Virginia Insurance Department regarding our LTC rate increase filing. This response addresses the objections in the same order they were listed in the letter.

1. The information required by 14 VAC 5-130-70 is provided based on the national and Virginia only experience separately.
2. Exhibits that were used in developing the voluntary lapse and mortality assumptions are attached. We are using a 4.5% discount rate because that rate is consistent with the valuation interest rate that applies to most policies covered under the forms included in this filing and it is also consistent with today's very low interest rate environment.
3. The experience exhibits included in the initial filing all have actual to expected analysis in the four columns to the far right of each exhibit. The expected claims in those exhibits are all based on the original pricing assumptions.

The last exhibit that was included in the initial filing showed a comparison of the 2010 projection with the 2013 projection, and also included the actual data from 2010-2012. That exhibit shows that the 2010-2012 actual experience was considerably worse than what was projected in the 2010 filing.

4. The lifetime expected loss ratio for the forms included in this filing were slightly above 60%. We are now projecting the lifetime loss ratio to be 82% if this rate increase is approved, and 89% if this increase is not approved.
  5. The requested experience exhibits were provided with the initial filing materials.
  6. As mentioned in item #2, we are using a 4.5% discount rate because that rate is consistent with the valuation interest rate that applies to most policies covered under the forms included in this filing and it is also consistent with today's very low interest rate environment. This same discount rate was also used in the last two nationwide rate increase filings that occurred in 2006 and 2010. The interest rate assumption in the initial filings ranged from 5%-7% depending on the form.
  7. We confirm that we did list each form separately in the "Rate/Rule Schedule" section of the filing.
-

8. As discussed in the Actuarial Memorandum, this rate increase is necessary due to the deteriorating morbidity that has occurred over the past three years and is expected to continue in the future. Furthermore, this rate increase is solely intended to get experience back in line with what was projected in the approved 2010 rate increase filing for years 2013 and forward.
  9. We do not believe that restating earned premium assuming the requested levels had been in force since inception is an appropriate method to determine whether or not a rate increase is justified. Instead, we believe it is appropriate to compare the current projection with the projection that was previously filed and approved. The prior rate filing projected future experience from years 2010+. The actual experience that developed from 2010-2012 was considerably poorer than what had been projected in that filing. This poor experience was incorporated into our new projection model and we are now projecting worse experience for years 2013+ than what had been projected in our 2010 filing. As mentioned in the Actuarial Memorandum, this rate increase is solely intended to get experience back in line with what was projected in the approved 2010 rate increase filing for years 2013 and forward. We are not attempting to recoup any of the losses that occurred from 2010-2012.
  10. We are attaching all of the experience exhibits and projections in Excel format.
  11. An exhibit showing the filing status in the other states is attached. We are requesting the same rate increase (40% for non-lifetime benefit period policies, 80% for lifetime benefit period policies) in all of those states.
  12. Since acquiring the block in 2007, the company has undertaken a thorough review of all claims practices to ensure proper handling of all claim requests. In addition, Ability Insurance Company has undergone several state exams in recent years where the claim handling process was investigated thoroughly. We have also tried to mitigate the impact of this rate increase as much as possible. We believe the requested increase of 40% for non-lifetime benefit periods and 80% for lifetime benefit periods allows policyholders more flexibility to manage their premium rate through downgrades. A level increase would make it more difficult for policyholders to reduce their premium rate by downgrading coverage. Lastly, a contingent non-forfeiture benefit will also be offered to policyholders. This non-forfeiture benefit would be in the form of a shortened benefit maximum amount/period equal to the amount of premium the policyholder paid in over the lifetime of the policy should the policyholder lapse coverage within 120 days following the effective date of the rate increase.
  13. If experience develops as projected in the filing then no future increases are expected. There are no margins built into the projections however, so if experience develops adversely then the company may need future rate actions.
  14. As mentioned in the prior item, no future increases are expected if the experience develops as projected in the filing.
  15. The anticipated future loss ratio where the numerator is equal to the anticipated incurred claims less the policy reserves, and the denominator is equal to the anticipated future earned premium, is 85.5% if the full rate increase is approved, and 127.5% if the rate increase is not approved.
-

16. As discussed in the Actuarial Memorandum and above in items #3, #8 and #9, the 2010-2012 actual experience was significantly worse than what was projected in the 2010 filing. One of the reasons for this is that the original pricing claim costs did not accurately reflect future emerging experience. Because of this, new claim costs guidelines that were developed by Milliman replaced the original pricing claim costs in our projection system. These claim costs are generally higher and we believe they will more accurately reflect experience in the future.
17. I reviewed all correspondence from the prior rate filing and I believe any concerns raised in that prior filing were addressed at that time.

We appreciate your continued review of this filing. Please let us know if you have any questions or need additional information.

Sincerely,

Todd Moltumyr ASA, MAAA  
Vice President

Note: Nationwide filings began in late June following the home state approval of the full requested increase. This rate increase filing has been submitted in 35 states thus far and will ultimately be requested in all states shown above. The companies are requesting the same rate increase percentages in all states.

8/13/2013

**To: Bob Grissom**

**From: Todd Moltumyr ASA, MAAA**

**Date: August 23, 2013**

**CC: Beverly Toomey**

**Subject: Long Term Care Insurance Rate Filing – Objection Dated August 14, 2013**

---

This memo is in response to the captioned Objection Letter from Bob Grissom of the Virginia Insurance Department regarding our LTC rate increase filing. This response addresses the objections in the same order they were listed in the letter.

1. The forms included in this nationwide filing were priced with interest rates that varied by form from 5%-7%. The forms with the most inforce policies were priced at 6% interest. I am attaching projections showing experience accumulated/discounted to 12/31/2012 using 5%, 6% and 7% interest rates. The projections show that the lifetime loss ratio is projected to be well above the minimum standard under all interest rate assumptions.
2. I believe we have this correct now. If not, please let us know and I will give you a call to figure out exactly what we need to be in compliance.
3. If Full Rate Increase is Approved

The active life reserves held as of 12/31/2012 were \$480,957,704 (from page 1 of "VA 2013 Exhibits"). The anticipated incurred claims from 1/1/2013+ assuming full rate increase is approved is \$1,156,961,406 (from page 22 of "VA 2013 Exhibits"). The anticipated future earned premium from 1/1/2013+ assuming full rate increase is approved is \$790,385,437 (from page 22 of "VA 2013 Exhibits"). Using these numbers, the anticipated future loss ratio is:

$$(\$1,156,961,406 - \$480,957,704) / \$790,385,437 = 85.5\%$$

If No Rate Increase is Approved

The active life reserves held as of 12/31/2012 were \$480,957,704 (from page 1 of "VA 2013 Exhibits"). The anticipated incurred claims from 1/1/2013+ assuming no rate increase is approved is \$1,139,249,900 (from page 22 of "VA 2013 Exhibits"). The anticipated future earned premium from 1/1/2013+ assuming no rate increase is approved is \$516,165,440 (from page 22 of "VA 2013 Exhibits"). Using these numbers, the anticipated future loss ratio is:

$$(\$1,139,249,900 - \$480,957,704) / \$516,165,440 = 127.5\%$$

4. The attached document details the actuarial justification for the different rate increase percentages being requested for the lifetime vs. non-lifetime benefit period policies.
-

5. A copy of the policyholder notification letter is attached.
6. We combine the experience of both companies in the company rate information in all states. We believe it helps make the filings more consistent with each other over time because it eliminates the impact of the policy novations. If we did not combine the policy information then it is possible that the number of Ability policyholders would increase from one filing to the next even though there is no new business being sold. We would prefer to continue filing it this way but if you would like we will split the data by company.
7. The process of novating policyholders from Medico Insurance Company to Ability Insurance Company began in 2009. Each state must approve the novation of policyholders before it can begin. There are three types of consent for novation: Active, Passive and No Consent. The novation occurs via residence state. Most states allow for No Consent. In those states, all residents of that state are immediately novated from Medico to Ability on the specified novation date. Passive Consent means that the company must notify the policyholder of its plans to novate the policyholder from Medico to Ability, but the policyholder has the option of informing the companies that it wishes to remain a Medico policyholder. Active Consent means the policyholder must actively choose to novate from Medico to Ability when the companies notify the policyholder of their option to switch companies. Virginia is one of only three states that require Active Consent, which explains why a larger portion of Virginia policyholders have remained with Medico as compared to nationwide.
8. Yes, if the entire increase is approved the company would consider implementing the increase over a three year period.
9. Ability Insurance Company is under the supervision of the Nebraska Insurance Department. There are definite solvency concerns if the full rate increase is not approved nationwide.

The Nebraska Department of Insurance recently completed a comprehensive review of the Company's year-end 2012 Gross Premium Valuation. In order to present a valuation that demonstrated the long term health of the Company, the baseline GPV included and depends upon the full rate increase as presented in this filing. Before accepting the GPV and the underlying assumptions, the Department was aware of the justification and the structure of this rate increase filing. We have been given permission to direct you to the Examination Division of the Nebraska Department of Insurance if you have any questions about their review and acceptance of the Gross Premium Valuation and this rate increase. Please feel free to contact either of the following individuals in the Examination Division of the Nebraska Department of Insurance regarding their review:

Rhonda Ahrens, FSA, MAAA, Life and Health Actuarial Examiner  
Phone: (402)471-4631  
Email: rhonda.ahrens@nebraska.gov

Annie Elliott, Deputy Chief Examiner  
Phone: (402)471-3164  
Email: annie.elliott@nebraska.gov

---

We appreciate your continued review of this filing. Please let us know if you have any questions or need additional information.

Sincerely,

Todd Moltumyr ASA, MAAA  
Vice President

Policy No: {PolicyNo}

Insured: {PolicyholderName}

{AddressFragment}

Dear {LocationName}:

The purpose of this letter is to notify you that the premium for the above policy is increasing. The {Mode} renewal premium rate of \${RenewalPremium} will become effective on {RenewalDate}. This is not a premium notice; you will receive a notice of premium due approximately 30 days before the premium is due.

It is necessary to increase premiums due to higher than anticipated claims payments expected over the lifetime of all policies like this one. Premium rates need to be adequate to pay current and future claims. We encourage you to maintain this policy as it will continue to provide valuable coverage. We do understand this premium increase may make it more difficult for you to continue your current level of coverage.

You may wish to consider reducing your level of coverage in order to make your premiums more affordable. We have provided you with the attached benefit reduction offer(s) as an alternative to your current plan while still maintaining essential coverage.

If you would like to investigate additional benefit downgrade offers, not mentioned in the attached, please call our dedicated Customer Support Department, toll free at 1-877-795-8493. Please discuss potential policy changes with your family or advisors as well as our Customer Support Department to make sure any changes to your policy will best suit your needs.

If you determine that you would like to discontinue this coverage we will provide a contingent benefit upon lapse benefit. The contingent benefit upon lapse benefit is a pool of money that you can use to fund future long term care expenses. If you elect this option, the policy will have benefits available that equal the sum of the premiums paid into the policy from the issue date through the current paid to date. To determine the number of days payable under the policy, the sum of all premiums paid is divided by Daily Benefit at the time of lapse. Benefit Eligibility is determined by the policy terms and all benefits paid by us will not exceed the maximum benefits which would have been payable if the policy had remained in premium paying status.

This contingent benefit upon lapse benefit acts as a form of reduced paid up coverage and will be available should you choose to lapse the coverage at any point between now and 120 days following the effective date the new premium rates take effect. If you would like to elect this benefit please send your request to us in writing.

We would like to stress the importance of retaining this valuable coverage. Renewing coverage now is the best way to ensure that coverage will be available in the future when you need it most. If you have any questions please contact us at 877-795-8493, electing option 2 at the prompt, and a customer support representative will be happy to assist you.

Sincerely,

Customer Support Department  
Ability Resources, Inc.

**DOWNGRADE OPTION RETURN FORM**

Date: {Date}

Policyholder: {PolicyholderName} **Error! Bookmark not defined.**

Policy Number: {PolicyNo} **Error! Bookmark not defined.**

If you would like to implement one of the downgrade options listed in this letter please circle the downgrade option you would like to exercise and then sign, date, and return this page using the enclosed envelope. Please return your downgrade option to us within 45 days from the date of this letter.

If you would like to investigate additional benefit downgrade offers, not mentioned in the attached, please call our dedicated Customer Support Department, toll free at 1-877-795-8493.

**If you do not wish to implement any of these downgrade options  
you do not need to return anything to us.**

*(Example list)*

- \* Reduce your Benefit Period from Lifetime to 5 Years for a new Annual premium of \$\$\$
- \* Reduce your Benefit Period from Lifetime to 4 Years for a new Annual premium of \$\$\$
- \* Increase your Elimination Period from 0 Days to 90 Days for a new Annual premium of \$\$\$
- \* Reduce your Benefit Period from Lifetime to 5 Years and increase your Elimination Period from 0 Days to 90 Days for a new Annual premium of \$\$\$

By signing and returning this page, {CompanyName} Company will downgrade the policy's available benefits, effective {RenewalDate} **Error! Bookmark not defined.**, to the choice you selected above. You will receive an updated benefit rider once this change to the policy has been made.

Signature \_\_\_\_\_ Date \_\_\_\_\_

If anyone other than the policyholder signs above, we must have copies of Durable Financial Power of Attorney papers or other legal representative papers on file.

**Subject: Long Term Care Insurance Rate Filing – Objection Dated September 16, 2013**

---

This memo is in response to the captioned Objection Letter from Bob Grissom of the Virginia Insurance Department regarding our LTC rate increase filing. This response addresses the objections in the same order they were listed in the letter.

1. The attached exhibit shows an actual to expected analysis for all past years where the expected is equal to 100% of the 2009 claim cost guidelines. Please note that this data comes from a different data system than our normal experience reporting system, and because of that, I want to highlight a few items for clarity:
  - a. The Expected and Actual claim costs shown in the exhibit are discounted back to the incurred year at 4% interest. The yearly Incurred Claims in the experience exhibits provided with the initial filing are not discounted. The only discounting is done cumulatively in those exhibits
  - b. This attached A/E exhibit includes some older forms that are not included in this rate filing. These additional forms make up a very small portion of incurred claims in recent years (less than 4%) but they did make up a greater portion of the claims in the 1990s.
  - c. Adjustments were made to the 2009 claim cost guidelines to account for differences in underwriting selection.

2. The requested chart is shown below:

Form	Benefit Period	Inforce Policies	Inforce Annual Premium	Avg. Annual Premium (Current Rates)	Avg. Annual Premium (Proposed Rates)
3358	Non-Lifetime	2	\$6,679	\$3,339	\$4,675
3358	Lifetime	1	\$1,581	\$1,581	\$2,846
692	Non-Lifetime	8	\$12,279	\$1,535	\$2,149
692	Lifetime	8	\$17,265	\$2,158	\$3,885
694	Non-Lifetime	61	\$119,555	\$1,960	\$2,744
694	Lifetime	147	\$360,522	\$2,453	\$4,415

3. This block of business was acquired in 2007. It is our understanding that the same rate increases were requested in Virginia (and nationwide) for both Medico Insurance Company and Ability Insurance Company. (Please note that Ability was named Medico
-

Life Insurance Company at the time.) The 2001 and 2006 rate increases were approved for Medico Insurance Company in Virginia but were not approved for Medico Life Insurance Company. Only six of the 208 inforce policyholders of form LT694 were originally issued by Medico Life. We would prefer to not add on the two additional 20% rate increases on those six policyholders at this time as this is already a large rate increase.

4. The difference in projected Incurred Claims in those two columns is due to the waived premium being higher in the W/ Rate Increase column.
5. The difference is due to the policyholder distribution. We are requesting the same rate increase in all states, 40% for non-lifetime benefit period plans and 80% for lifetime benefit period plans. The 65.2% increase shown in the nationwide projection is based on the nationwide distribution of lifetime vs. non-lifetime benefit periods. The 69.3% average increase shown in the Rate/Rule section is based on the Virginia distribution of lifetime vs. non-lifetime benefit periods.
6. The actual earned premium from 2010-2012 was lower than projected due to several factors:
  - a. The rate increase was not approved as quickly as assumed in the projection.
  - b. The projection did not assume policyholder downgrades that reduced both benefits and premiums.
  - c. The projection did not factor in people choosing to lapse coverage and accept the non-forfeiture benefit.

Both items b. and c. reduce or eliminate premium but should also reduce expected claims as the policyholder now has lower benefit levels. Instead, Incurred Claims continued to increase and 2012 was the greatest discrepancy between actual and projected Incurred Claims. We believe this trend will continue, thus the need for this rate increase.

7. I apologize as I can see that we forgot to attach the document we referenced in our prior correspondence. That document (named "Actuarial Justification for Larger Rate Increase on Lifetime Benefit Period Plans") is now attached.
8. The issue date range for each form is as follows:
  - a. 3358: 5/19/1988 – 7/31/1992
  - b. 692: 1/22/1993 – 10/29/1996
  - c. 694: 9/18/1996 – 7/1/2002
9. We have modified the numeric information in the Rate/Rule Schedule tab under "Company Rate Information" so that it pertains only to the appropriate company.

We appreciate your continued review of this filing. Please let us know if you have any questions or need additional information.

Sincerely,

Todd Moltumyr ASA, MAAA  
Vice President

Total	\$1,112,181,812	\$1,160,612,521	1.044

## Actuarial Justification for Larger Rate Increase on Lifetime Benefit Period Plans

The following write-up describes the actuarial justification for seeking/implementing a larger rate increase for lifetime benefit period plans versus non-lifetime benefit period plans:

### Original Pricing and Claim Cost Assumptions

The original pricing assumptions and premium rates for the Lifetime benefit period plans for the Medico/Ability LTC block underestimated the true claims experience that this plan design would eventually see. In fact, most carriers in the marketplace today have by now withdrawn the Lifetime benefit period plan from sale due to the excessive risk and experience.

In general the original claim cost assumptions for Lifetime benefit period plans were approximately 10%-25% higher than those for a 5-year benefit period plan. The following table illustrates selected claim costs assumptions for the top three major inforce policy forms.

Original Annual Claims Costs (per \$10 of Daily Benefit) for Selected Attained Ages									
	Policy Form: 694			Policy Form: 698			Policy Form: 201		
Attained	Lifetime	5-Year	Ratio	Lifetime	5-Year	Ratio	Lifetime	5-Year	Ratio
<u>Age</u>	<u>Benefit</u>	<u>Benefit</u>	<u>Life/5 Yr</u>	<u>Benefit</u>	<u>Benefit</u>	<u>Life/5 Yr</u>	<u>Benefit</u>	<u>Benefit</u>	<u>Life/5 Yr</u>
65	23.61	18.92	1.25	30.17	22.79	1.32	21.66	17.20	1.26
66	27.82	22.51	1.24	35.26	27.16	1.30	24.70	20.05	1.23
67	32.10	26.24	1.22	40.38	31.71	1.27	28.31	23.28	1.22
68	36.91	30.56	1.21	46.12	36.88	1.25	32.59	27.08	1.20
69	42.54	35.64	1.19	52.79	43.01	1.23	37.53	31.54	1.19
70	49.23	41.70	1.18	60.64	50.32	1.21	43.23	36.77	1.18
71	56.58	48.10	1.18	69.53	58.05	1.20	49.78	42.85	1.16
72	64.79	55.25	1.17	79.40	66.69	1.19	57.29	49.97	1.15
73	74.45	63.67	1.17	91.03	76.91	1.18	66.88	58.52	1.14
74	86.38	74.09	1.17	105.38	89.56	1.18	77.90	68.59	1.14
75	100.79	86.70	1.16	122.73	104.93	1.17	90.92	80.37	1.13
76	116.85	100.83	1.16	142.02	122.12	1.16	106.02	94.15	1.13
77	135.33	117.13	1.16	164.20	142.03	1.16	123.60	110.39	1.12
78	155.16	134.80	1.15	188.05	163.61	1.15	141.46	126.92	1.11
79	177.07	154.44	1.15	214.43	187.62	1.14	161.98	146.02	1.11
80	203.21	177.93	1.14	245.86	216.37	1.14	185.44	167.87	1.10
81	227.44	199.86	1.14	275.03	243.23	1.13	212.23	193.14	1.10
82	256.70	226.39	1.13	310.26	275.76	1.13	243.01	222.11	1.09
83	285.58	252.70	1.13	344.49	307.69	1.12	269.14	247.00	1.09
84	315.84	280.38	1.13	380.25	341.29	1.11	298.02	274.74	1.08
85	347.76	309.71	1.12	417.91	376.92	1.11	330.03	305.52	1.08

These claim cost assumptions yielded premium rates for Lifetime benefit plans that average 15%-22% higher than those of 5-year benefit period plans.

Sample Premium Rate Comparisons for Selected Issue Ages - Lifetime Benefit vs 5-Year Benefit

#### Milliman Claim Cost Guideline Assumptions

In 2012, the company began using Milliman claim costs as the underlying basis for projecting future experience.

The Milliman claim cost tables assume a much larger increase in claim costs when moving from a fixed benefit period to a Lifetime benefit period then what was assumed at the time these products were priced. The following table illustrates that the Milliman guidelines assume that Lifetime claim costs are 50%-90% greater than those of a 5-year benefit period policy.

Milliman Sample Claim Cost Tables (for Issue Age 65 Insured)								
		Male				Female		
Attained		Lifetime	5-Year	Ratio		Lifetime	5-Year	Ratio
Age		<u>Benefit</u>	<u>Benefit</u>	<u>Life/5-Yr</u>		<u>Benefit</u>	<u>Benefit</u>	<u>Life/5-Yr</u>
65		9.73	5.72	1.70		12.68	6.61	1.92
66		18.06	10.79	1.67		22.28	11.57	1.93
67		24.62	14.96	1.65		28.74	14.87	1.93
68		29.78	18.31	1.63		34.82	18.27	1.91
69		35.91	22.35	1.61		42.07	22.38	1.88
70		43.61	27.47	1.59		51.17	27.61	1.85
71		52.30	33.35	1.57		61.46	33.64	1.83
72		60.94	39.34	1.55		71.72	39.83	1.80
73		72.74	46.99	1.55		90.96	51.33	1.77
74		86.02	55.61	1.55		114.25	65.52	1.74
75		100.82	65.23	1.55		142.13	82.85	1.72
76		118.10	76.47	1.54		176.36	104.59	1.69
77		138.31	89.63	1.54		218.49	131.89	1.66
78		155.64	101.35	1.54		251.80	154.03	1.63
79		175.10	114.59	1.53		289.74	179.73	1.61
80		196.89	129.50	1.52		332.75	209.48	1.59
81		221.28	146.26	1.51		381.57	244.03	1.56
82		248.55	165.12	1.51		436.44	283.85	1.54
83		286.21	190.64	1.50		503.65	332.80	1.51
84		329.09	219.81	1.50		578.63	389.16	1.49
85		377.74	253.07	1.49		661.07	453.58	1.46

### Actual Experience Compared to Milliman Claim Cost Guideline Expected Claims

The company performed actual-to-expected studies to the Milliman tables in order to true-up the expected tables to actual experience for such projections. In addition, the company performed an actual-to-expected claims experience study of just the Lifetime and non-Lifetime benefit periods. The following shows that the actual experience of Lifetime plans has differed by even more than what was suggested by the Milliman tables:

Actual versus Milliman Guideline Expected (A/E) Claim Cost Experience			
	Lifetime Benefit Period Plans		Non-Lifetime Benefit Plans
Policy			
<u>Duration</u>	<u>A/E Ratio</u>		<u>A/E Ratio</u>
1	0.82		0.79
2	1.14		1.12
3	1.14		1.22
4	1.07		1.24
5	1.22		1.20
6	1.19		1.09
7	1.42		1.02
8	1.25		0.98
9	1.29		1.00
10	1.23		0.93
11	1.14		1.00
12	1.33		0.99
13	1.37		0.89
14	1.09		0.90
15	1.11		0.94
16	1.20		0.93
17	1.27		0.82
18	1.18		0.81
19	1.19		0.76
20	1.49		0.75

#### Summary/Conclusion:

- Original/Current Premiums assumed a 15%-22% increase in premiums for a Lifetime benefit period plan versus a 5-year benefit period plan.
- Milliman guideline tables assume a 50%-90% increase in claim costs for a Lifetime benefit period plan versus a 5-year benefit period plan. (Assuming an average Lifetime benefit premium of 65% higher than 5-year benefit plans, this would equate to Lifetime premiums that would be 37%-43% higher than what original pricing assumed.)
- Actual experience for Lifetime benefit period plans (in comparison to Milliman tables) has run at a higher A/E rate than the experience for non-lifetime benefit period plans. This would support an even greater difference than what was shown in the Milliman tables.
- Hence the current rate increase, which requests a larger increase for Lifetime benefit period plans by 28.6%, (1.80/1.40), is more than actuarially justified based upon the actual experience to date.

**Subject: Long Term Care Insurance Rate Filing – Objection Dated October 16, 2013**

---

This memo is in response to the captioned Objection Letter from Bob Grissom of the Virginia Insurance Department regarding our LTC rate increase filing. This response addresses the objections in the same order they were listed in the letter.

1. I apologize for the delay in response. The reason for the delay was that we have been working with our IT department in an effort to provide the requested experience exhibit split by lifetime vs. non-lifetime benefit periods. We are unable to provide the requested data for years 2009 and prior, but the attached exhibit does show the experience for years 2010 through the first nine months of 2013. The exhibit does illustrate the poorer experience on the lifetime benefit period policies, thus the reason for the larger requested increase on those plans.

In addition, we are re-providing the more detailed write-up of why we believe the different rate increase request by benefit period is appropriate. The key components from that write-up are as follows:

- a. The typical premium rate difference between lifetime and 5 year benefit periods range from 15%-25% on the forms included in this filing.
  - b. In 2012, the company began using Milliman claim costs as the underlying basis for projecting future experience, replacing the original pricing claim costs.
  - c. The difference between the lifetime benefit period claim costs and 5 year benefit period claim costs is considerably larger (generally 30%-45%) under the newly adopted Milliman claim costs than it was under the original pricing claim costs.
  - d. The actual versus Milliman expected (A/E) claim cost experience is poorer for the lifetime benefit period plans than non-lifetime benefit period plans at nearly all durations.
  - e. We are requesting a rate increase on lifetime benefit plans that is 28.6% higher than we are requesting on non-lifetime benefit plans (1.8 / 1.4).
  - f. The higher requested rate increase on the lifetime plans only accounts for the difference between the lifetime and 5 year benefit period claim costs under the Milliman claim costs in relation to the original pricing claim costs. If we were to factor in the poorer A/E experience of the lifetime plans vs. the non-lifetime plans
-

we could justify an even larger rate increase difference than what we are requesting.

2. The attached projection shows the results if the factor used to adjust the claim costs was 1.044 in each year.

We appreciate your continued review of this filing. Please let us know if you have any questions or need additional information.

Sincerely,

Todd Moltumyr ASA, MAAA  
Vice President

---

## Actuarial Justification for Larger Rate Increase on Lifetime Benefit Period Plans

The following write-up describes the actuarial justification for seeking/implementing a larger rate increase for lifetime benefit period plans versus non-lifetime benefit period plans:

### Original Pricing and Claim Cost Assumptions

The original pricing assumptions and premium rates for the Lifetime benefit period plans for the Medico/Ability LTC block underestimated the true claims experience that this plan design would eventually see. In fact, most carriers in the marketplace today have by now withdrawn the Lifetime benefit period plan from sale due to the excessive risk and experience.

In general the original claim cost assumptions for Lifetime benefit period plans were approximately 10%-25% higher than those for a 5-year benefit period plan. The following table illustrates selected claim costs assumptions for the top three major inforce policy forms.

Original Annual Claims Costs (per \$10 of Daily Benefit) for Selected Attained Ages									
	Policy Form: 694			Policy Form: 698			Policy Form: 201		
Attained	Lifetime	5-Year	Ratio	Lifetime	5-Year	Ratio	Lifetime	5-Year	Ratio
<u>Age</u>	<u>Benefit</u>	<u>Benefit</u>	<u>Life/5 Yr</u>	<u>Benefit</u>	<u>Benefit</u>	<u>Life/5 Yr</u>	<u>Benefit</u>	<u>Benefit</u>	<u>Life/5 Yr</u>

81		221.28	146.26	1.51		381.57	244.03	1.56
82		248.55	165.12	1.51		436.44	283.85	1.54
83		286.21	190.64	1.50		503.65	332.80	1.51
84		329.09	219.81	1.50		578.63	389.16	1.49
85		377.74	253.07	1.49		661.07	453.58	1.46

### Actual Experience Compared to Milliman Claim Cost Guideline Expected Claims

The company performed actual-to-expected studies to the Milliman tables in order to true-up the expected tables to actual experience for such projections. In addition, the company performed an actual-to-expected claims experience study of just the Lifetime and non-Lifetime benefit periods. The following shows that the actual experience of Lifetime plans has differed by even more than what was suggested by the Milliman tables:

Actual versus Milliman Guideline Expected (A/E) Claim Cost Experience			
	Lifetime Benefit Period Plans		Non-Lifetime Benefit Plans
Policy			
<u>Duration</u>	<u>A/E Ratio</u>		<u>A/E Ratio</u>
1	0.82		0.79
2	1.14		1.12
3	1.14		1.22
4	1.07		1.24
5	1.22		1.20
6	1.19		1.09
7	1.42		1.02
8	1.25		0.98
9	1.29		1.00
10	1.23		0.93
11	1.14		1.00
12	1.33		0.99
13	1.37		0.89
14	1.09		0.90
15	1.11		0.94
16	1.20		0.93
17	1.27		0.82
18	1.18		0.81
19	1.19		0.76
20	1.49		0.75

#### Summary/Conclusion:

- Original/Current Premiums assumed a 15%-22% increase in premiums for a Lifetime benefit period plan versus a 5-year benefit period plan.
- Milliman guideline tables assume a 50%-90% increase in claim costs for a Lifetime benefit period plan versus a 5-year benefit period plan. (Assuming an average Lifetime benefit premium of 65% higher than 5-year benefit plans, this would equate to Lifetime premiums that would be 37%-43% higher than what original pricing assumed.)
- Actual experience for Lifetime benefit period plans (in comparison to Milliman tables) has run at a higher A/E rate than the experience for non-lifetime benefit period plans. This would support an even greater difference than what was shown in the Milliman tables.
- Hence the current rate increase, which requests a larger increase for Lifetime benefit period plans by 28.6%, (1.80/1.40), is more than actuarially justified based upon the actual experience to date.

**To: Janet Hauser**

**From: Todd Moltumyr ASA, MAAA**

**Date: January 15, 2014**

**CC: Beverly Toomey**

**Subject: Long Term Care Insurance Rate Filing – Objection Dated December 31, 2013**

---

This memo is in response to the captioned Objection Letter from Janet Hauser of the Virginia Insurance Department regarding our LTC rate increase filing. This response addresses the objections in the same order they were listed in the letter.

1. We will accept the Department's offer of approving the entire rate increase but implementing it over three years. We would like to know if it would be acceptable to the Department to implement the non-lifetime benefit period rate increase as two 20% increases and the lifetime benefit period increases as three 22% increases. This is what we are doing in one other state thus far, and also are trying to get a similar rate schedule approved in at least one other state.

A revised Actuarial Memorandum reflecting this proposed increase is attached. This revised Memorandum also reflects the other changes you requested in the Note to Filer. The one item in the Note to Filer that was not changed is we left in the reference to rider UR-AB-287 in the Actuarial Memorandum. Please note that this rider is referenced in the footer of the rate tables for form LT694.

2. We will attach revised premium rate sheets for each time period attached to the rate/rule schedule in SERFF once the Department advises us if our proposed schedule is acceptable.
3. We do have a version of the letter that we use in states that preapprove multiple increases. This letter shows exactly what the future increases will be and when they will become effective. This sample letter is attached.

We would strongly prefer not to add any additional language to our letter. We believe it is already a relatively long letter and making the letter even longer may actually discourage policyholders from reading the letter. Our (877) number is included in the letter and our customer service reps are able to answer all questions related to why the rate increase is needed.

The Benefit Adjustment Option Return Form is included with the rate increase notification letter. It is the last page of the sample rate increase notification letter that we have attached. Please note that if the policyholder returns this form, we then mail the policyholder a Benefit Adjustment Rider. I am attaching a copy of this rider, which has been approved by the Virginia Department of Insurance.

---

4. We have attached the Rate Summary form. Please note that we were unsure as to whether to show the requested rate change information based on the first increase only or all increases. For now we filled the form out using each individual rate change that we are requesting to be implemented. Please let us know if you would like us to fill the form out differently. A brief narrative to summarize the key information used to develop the rates including the main drivers for new or revised rates is also attached.

We appreciate your continued review of this filing. Please let us know if you have any questions or need additional information.

Sincerely,

Todd Moltumyr ASA, MAAA  
Vice President

---

Medico™ Insurance Company (formerly Mutual Protective Ins Co)  
Ability Insurance Company (formerly Medico™ Life Insurance Company)  
Omaha, Nebraska  
Actuarial Memorandum - Individual A&H Rate Filing  
Virginia Long Term Care Policy Forms and Riders  
Virginia

1. Purpose of Filing

The purpose of this filing is to demonstrate that the anticipated lifetime loss ratio of these forms meets the minimum state requirements in light of the included rate increase request. It is not intended for any other purpose.

2. Scope of Filing

This filing applies to the Virginia Long Term Care Policy Forms and Riders as shown in the 'Benefits' section. The forms were marketed by independent agents but are not available for sale anymore. This rate revision applies only to inforce business. We are requesting two 20% increases on policies with a non-lifetime benefit period and three 22% increases on policies with a lifetime benefit period. These increases would be implemented at one year intervals. The distribution of inforce business (excluding policies in paid up status) as of 12/31/2012 is as follows:

	Benefit Period	Inforce Policies	Inforce Annual Premium	Avg. Annual Premium (Current Rates)	Avg. Annual Premium (Proposed Rates)
Virginia	Non-Lifetime	71	\$ 138,513	\$1,951	\$2,731
Virginia	Lifetime	156	\$ 379,369	\$2,432	\$4,378
Nationwide	Non-Lifetime	15,248	\$29,576,600	\$1,940	\$2,716
Nationwide	Lifetime	22,239	\$50,218,237	\$2,258	\$4,064

Please note that the variation in each state's average annual premium is impacted by many factors. Examples of such factors - both demographic and policy benefit choices - include average issue age, average daily benefit amount, prevalence of inflation protection, distribution of benefit periods and elimination periods, optional benefits chosen, percentage of policies with marital discounts and underwriting factors, etc.

Note that prior to 2010, separate Actuarial Memoranda by company was filed in your state. We believe it is appropriate to combine both companies into one Actuarial Memorandum in this filing. The reason for this is that the vast majority of policies have novated from Medico Insurance Company to Ability Insurance Company. This means that the experience exhibits by company would look unusual due to some policyholders being included with Medico Insurance Company data for most years and then being included with Ability Insurance Company data beginning in 2009. Currently, over 95% of policyholders that were once covered by Medico Insurance Company have since novated over to Ability Insurance Company. Because of these reasons, and the fact that the policy forms included in this filing are essentially identical for both companies, we believe it is appropriate to combine the experience of both companies for this filing.

3. Benefits

These policies and corresponding riders cover Long Term Care expenses and have been grouped for rating purposes.

**Policy Form 3358 and Rider Forms UR2038, UR2048, UR275, UR204, and UR589R:** Developed in the latter part of 1987, Form 3358 provides benefits for Nursing Home Care and Adult Day Care. The policy also has a provision for Waiver of Premium. The policy pays \$20 a day for maximum of 180 days of Adult Day Care. Five riders were optionally available. UR204 and UR2048 provide inflation protection (Nursing Home Care Only). UR275 deletes the occurrence maximum and increases the lifetime maximum to 5, 10, or unlimited years. UR2038 and UR589R provide Home Health Care benefits.

**Policy Form LT692 and Rider Forms UR592, UR295, and UR295C:** Developed in 1992, Form LT692 provides benefits for Nursing Home Care and Adult Day Care. The policy also has provisions for Waiver of Premium and Survivorship (if both husband and wife have LT692 policies). Additional benefits include bed reservation, alternate plan of care, deferred purchase of inflation coverage, and extended period of reinstatement due to a lapse related to cognitive impairment suffered at time of lapse. The policy pays a daily benefit for Nursing Home Care and Adult Day Care up to 33% of the policy daily benefit. The UR592 provides benefits for Home Health Care. UR295 increases the Nursing Home daily benefit by 5% of the original daily benefit. UR295C increases the Nursing Home daily benefit by 5% of the previous year's daily benefit.

Medico™ Insurance Company (formerly Mutual Protective Ins Co)  
Ability Insurance Company (formerly Medico™ Life Insurance Company)  
Omaha, Nebraska  
Actuarial Memorandum - Individual A&H Rate Filing  
Virginia Long Term Care Policy Forms and Riders  
Virginia

**Policy Form LT694 and Rider Forms UR268, UR273 and UR-AB-287:** Developed in 1996, Form LT694 provides benefits for Nursing Home Care, Alternative Care, Assisted Living Care, and Adult Day Care. The policy also has provisions for Waiver of Premium. Additional benefits include care giver training, bed reservation, extended period of reinstatement due to a lapse related to cognitive impairment suffered at time of lapse, and restoration of benefits. The policy pays a daily benefit for Nursing Home Care, Alternative Care, Assisted Living up to 50% of the policy daily benefit (80% if care coordinator used), and Adult Day Care up to 50% of the policy daily benefit and lifetime maximum. UR268 increases the policy daily benefit by 5% of the previous year's daily benefit. UR273 is a return of premium rider. UR-AB-287 removes the non-duplication of Medicare benefits.

**4. Rate Increase Request, Reasons for and Expected Effect on Premiums**

We are requesting two 20% increases on policies with a non-lifetime benefit period and three 22% increases on policies with a lifetime benefit period. These increases would be implemented at one year intervals. We notify policyholders 60 days in advance before implementing a rate increase so it is expected that this rate revision will be implemented approximately 70 days following the approval of this increase.

This rate increase is necessary because projected future morbidity has changed from what was anticipated when the most recent nationwide rate adjustment was requested in 2010. There are several reasons for this change in projected future morbidity:

- The actual 2010-2012 morbidity experience is considerably poorer than projected experience from the 2010 rate increase filing that was submitted in your state.
- New claim cost guidelines were implemented to better reflect future expected experience. These new claim costs are generally higher than the original pricing claim costs.
- Actual versus expected experience was analyzed for each block of business and morbidity adjustment factors were developed. Over the past three years, the actual morbidity was approximately 1.21 times higher than indicated by the new claim cost guidelines. The projection grades that factor down to about 1.02 over the next 15-20 years.
- Morbidity improvement of 0.5% per year was also assumed in the projection to account for the expectation that individuals will become healthier due to advances in health care.

The larger requested increase on our lifetime benefit period policies is due to inequities between our current premium rates by benefit period and the claims experience on the lifetime benefit plan. Furthermore, the new claim cost guidelines are consistent with the past experience of lifetime benefit period policies vs. non-lifetime benefit period policies.

Please note that we are not attempting to recoup past losses for the poor 2010-2012 experience. This rate increase is solely intended to get experience back in line with what was projected in our 2010 rate increase filing for years 2013 and forward. An exhibit comparing the projection from our 2010 filing with our current projection of future business is attached.

We intend to reduce the potential burden of this rate increase by offering policyholders the option to downgrade their coverage to keep the premium rate more affordable. Most policyholders will receive pre-programmed downgrade offers in the rate increase notification letter that would allow them to reduce their premium rate by choosing to increase their elimination period or decrease their benefit period. Policyholders will also be informed that they may call in to our customer service line to discuss other downgrade options as well if they would like to lower their premium rate. It is likely, in many cases, that policyholders who choose to downgrade from a lifetime benefit period could end up paying approximately what they pay today after the increase. Premium rates for lifetime benefit period plans are roughly 15-20% higher than rates for five year benefit period plans and 25-30% higher than rates for four year benefit period plans. Four and five year benefit periods are still rich plans that provide substantial long term care benefits.

As we did when rates were increased in 2010, we will again be providing a contingent non-forfeiture benefit to all policyholders regardless of whether or not their policy covers this benefit. This non-forfeiture benefit would be in the form of a shortened benefit maximum amount/period equal to the amount of premium the policyholder paid in over the lifetime of the policy should the policyholder lapse coverage within 120 days

Medico™ Insurance Company (formerly Mutual Protective Ins Co)  
Ability Insurance Company (formerly Medico™ Life Insurance Company)  
Omaha, Nebraska  
Actuarial Memorandum - Individual A&H Rate Filing  
Virginia Long Term Care Policy Forms and Riders  
Virginia

following the effective date of the rate increase. This benefit will not be reduced by prior claims, although the maximum non-forfeiture benefit will be limited to the remaining maximum benefit amount under the policy.

We recognize this is a large increase to request at one time. We believe it is in the policyholder's best interest to know up front how much of an increase is necessary as it allows them to make an informed decision regarding keeping their current level of coverage inforce, downgrading their policy to lower their premium or choosing the non-forfeiture option. Any delay in this filing via staged partial implementation schedules or because of reductions in the proposed rates, would likely magnify the cumulative total rate increase percentage needed over time for this group of policies.

5. Rate Justification Standard - Minimum Loss Ratio

This filing demonstrates that both the projected future loss ratio and the anticipated lifetime loss ratio are higher than the minimum loss ratio required for long term care policy forms.

6. Rate Increase History

Shown below are the approval dates and the percentage of past rate increases in your state:

Date	3358	692	694
05/07/02	20% / n/a	20% / n/a	20% / 0%
09/02/04	20% / n/a	20% / n/a	20% / 20%
07/10/06	10% / n/a	20% / n/a	20% / 0%
4/21/11**	31.8%	31.8%	31.8%

\* Rate increases for policies originally issued by Medico Insurance Company are shown on the left side and rate increases for policies originally issued by Ability Insurance Company are shown on the right. The "n/a" is shown for forms in which there are no inforce policies for that form and company in your state.

\*\* The 2010 rate increase ranged from 10.0%-40.0% depending on the issue age. The overall average rate increase was 31.8%.

7. Projection Assumptions

The following assumptions were used in order to generate the present value of future premium and claims and their loss ratio.

a. Assumptions that are unchanged from the 2010 rate filing:

Interest - An effective annual rate of interest of 4.50% has been assumed for accumulating past experience and discounting projected future experience.

Terminations – The 1994 GAM mortality table along with an annual voluntary termination rate of 1.5% have been assumed for projecting the inforce into the future.

Experience Data Credibility - The requested rate revision is based on nationwide experience since that gives us the maximum credibility.

b. Assumptions that have been revised since the 2010 rate filing:

Claim Cost Guidelines – Morbidity costs were projected based on claim costs from the 2009 Milliman Long Term Care guidelines with adjustments for actual experience.

A/E Adjustments – Actual versus expected experience was analyzed for each block of business and morbidity adjustment factors were developed. Over the past three years, the actual morbidity was approximately 1.21 times higher than indicated by the new claim cost guidelines. The projection grades that factor down to about 1.02 over the next 15-20 years.

Medico™ Insurance Company (formerly Mutual Protective Ins Co)  
Ability Insurance Company (formerly Medico™ Life Insurance Company)  
Omaha, Nebraska  
Actuarial Memorandum - Individual A&H Rate Filing  
Virginia Long Term Care Policy Forms and Riders  
Virginia

Morbidity Improvement – Morbidity improvement of 0.5% per year was assumed in the projection to account for the expectation that individuals will become healthier due to advances in health care.

Premium Rate Increase - The actual effective dates of the rate increase nationwide will vary depending on state approval dates. For projection purposes, the average nationwide requested premium rate revision of 40% on policies with a non-lifetime benefit period and 80% on policies with a lifetime benefit period has been assumed with a beginning effective date of October 1, 2013 and graded in over five quarters. For all years thereafter, no annual rate increases have been assumed.

#### 8. Past Experience

The attached exhibit shows the past experience for the business. The experience is through December 31, 2012 and is based on nationwide experience. The return of premium riders were excluded from the experience. The accumulated value of past earned premium is \$2,573,665,648 and the accumulated value of past incurred claims is \$1,607,061,105. This results in a loss ratio of 62.4%.

#### 9. Projected Future Experience

The future experience has been generated for 50 years using the business in force as of December 31, 2012. Adjustments have been made to the experience by applying the termination rates and rate increase assumptions as shown in the Projection Assumptions section. The present value of future earned premium is \$790,385,437 and the present value of future incurred claims is \$1,156,961,406. This results in a loss ratio of 146.4%.

This filing is intended to return the future experience of this block to the level projected in 2010. As shown in the attached exhibit, this rate increase, if approved as assumed would result in the following as compared to the 2010 filing:

Projection Years 2013+	2010 Filing	Current Projection Without Increase	Current Projection With Increase
PV Future EP (in millions)	\$558.9	\$516.2	\$790.4
PV Future Claims (in millions)	\$922.8	\$1,139.2	\$1,157.0
PV Future (EP – Claims) (in millions)	-\$363.9	-\$623.1	-\$366.6

#### 10. Anticipated Lifetime Loss Ratio

The anticipated lifetime loss ratio is defined as the sum of the present value of past and projected incurred claims divided by the sum the present value of past and future earned premium. These values are summarized below:

Experience Period	Earned Premium	Incurred Claims	Loss Ratio
Past Years	2,573,665,648	1,607,061,105	62.4%
Projected Future	790,385,437	1,156,961,406	146.4%
Anticipated Lifetime	3,364,051,085	2,764,022,511	82.2%

The projected future loss ratio and the anticipated lifetime loss ratio are both greater than the required minimum loss ratio of 60%. This demonstrates that the premium and claims experience meets the minimum loss ratio requirements.

11. Actuarial Certification

I hereby certify that, to the best of my knowledge and judgment, the rate filing is in compliance with the applicable laws and regulations of this Commonwealth and the premiums are reasonable in relation to the benefits provided in accordance with 14VAC5-130-70 B 14.

Attach a brief narrative to summarize the key information used to develop the rates including the main drivers for new or revised rates.

This document is intended to help explain the rate filing and it is only a summary of the company's request. It is not intended to describe or include all factors or information considered in the review process. For more detailed information, please refer to the complete filing.

We are requesting a 40% increase on policies with a non-lifetime benefit period and an 80% increase on policies with a lifetime benefit period. This rate increase is necessary because projected future morbidity has changed from what was anticipated when the most recent nationwide rate adjustment was requested in 2010. There are several reasons for this change in projected future morbidity:

- The actual 2010-2012 morbidity experience is considerably poorer than projected experience from the 2010 rate increase filing that was submitted in your state.
- New claim cost guidelines were implemented to better reflect future expected experience. These new claim costs are generally higher than the original pricing claim costs.
- Actual versus expected experience was analyzed for each block of business and morbidity adjustment factors were developed. Over the past three years, the actual morbidity was approximately 1.21 times higher than indicated by the new claim cost guidelines. The projection grades that factor down to about 1.02 over the next 15-20 years.
- Morbidity improvement of 0.5% per year was also assumed in the projection to account for the expectation that individuals will become healthier due to advances in health care.

The larger requested increase on our lifetime benefit period policies is due to inequities between our current premium rates by benefit period and the claims experience on the lifetime benefit plan. Furthermore, the new claim cost guidelines are consistent with the past experience of lifetime benefit period policies vs. non-lifetime benefit period policies.

Fax: (877) 855-7817

{Date}

Policy No: {PolicyNo}

Insured: {PolicyholderName}

{AddressFragment}

Dear {LocationName}:

The purpose of this letter is to notify you that the premium for the above policy is increasing. This is not a premium notice; if you are a direct, paper bill mode you will receive a notice of premium due approximately 30 days before the premium is due. Your future premium rate(s) will be as follows:

- The monthly renewal premium rate of \$100.00 will become effective on 4/1/2014, for a percentage increase of 22%.
- The monthly renewal premium rate of \$122.00 will become effective on 4/1/2016, for a percentage increase of 22%.
- The monthly renewal premium rate of \$148.84 will become effective on 4/1/2018, for a percentage increase of 22%.

It is necessary to increase premiums due to higher than anticipated claims payments expected over the lifetime of all policies like this one. Premium rates need to be adequate to pay current and future claims. We encourage you to maintain this policy as it will continue to provide valuable coverage. We do understand this premium increase may make it more difficult for you to continue your current level of coverage.

You may wish to consider reducing your level of coverage in order to make your premiums more affordable. We have provided you with the attached benefit reduction offer(s) as an alternative to your current plan while still maintaining essential coverage.

If you would like to investigate additional benefit adjustment offers, not mentioned in the attached, please call our dedicated Customer Support Department, toll free at 1-877-795-8493. Please discuss potential policy changes with your family or advisors as well as our Customer Support Department to make sure any changes to your policy will best suit your needs.

If you determine that you would like to discontinue this coverage we will provide a contingent benefit upon lapse benefit. The contingent benefit upon lapse benefit is a pool of money that you can use to fund future long term care expenses. If you elect this option, the policy will have benefits available that equal the sum of the premiums paid into the policy from the issue date through the current paid to date. To determine the number of days payable under the policy, the sum of all premiums paid is divided by Daily Benefit at the time of lapse. Benefit Eligibility is determined by the policy terms and all benefits paid by us will not exceed the maximum benefits which would have been payable if the policy had remained in premium paying status.

This contingent benefit upon lapse benefit acts as a form of reduced paid up coverage and will be available should you choose to lapse the coverage at any point between now and 120 days following the effective date the new premium rates take effect. If you would like to elect this benefit please send your request to us in writing.

We would like to stress the importance of retaining this valuable coverage. Renewing coverage now is the best way to ensure that coverage will be available in the future when you need it most. If you have any questions please contact us at 877-795-8493, electing option 2 at the prompt, and a customer support representative will be happy to assist you.

Sincerely,

Customer Support Department

**To: Janet Hauser**

**From: Todd Moltumyr ASA, MAAA**

**Date: January 24, 2014**

**CC: Beverly Toomey**

**Subject: Long Term Care Insurance Rate Filing – Objection Dated January 22, 2013**

---

This memo is in response to the captioned Objection Letter from Janet Hauser of the Virginia Insurance Department regarding our LTC rate increase filing. This response addresses the objections in the same order they were listed in the letter.

1. During this nationwide filing process we have received input from many different states regarding our rate increase notification letter. It is our goal to use this input to continually refine and improve our letter. We appreciate the input you have provided and would like to incorporate some of your suggestions. In particular, we would like to incorporate the last part of the second sentence as we believe it is more clear and conveys the issue stronger than what we had in there previously.

Regarding the first part of your suggested language, we respectfully request to just slightly modify what we currently have in our letter as we believe it is more accurate and just as easy for policyholders to understand. Regarding the accuracy, the need for this rate increase is due to more than incidence rates being higher than expected, combined with the cost of care increasing. The length of stay has also been longer than anticipated and is a key factor in the need for this increase. We are also still implementing our prior rate increase in some states and the voluntary lapse rate was a factor in the need for that increase. All of these factors have one thing in common; they result in the anticipated claim payments being greater in the future than what we had previously expected.

We use this same letter in all states, and as I mentioned earlier, many states have reviewed it and helped us improve it just as your state is doing now. After hearing your concerns regarding the language, we plan to make slight adjustments to the earlier part of the letter which we believe makes it clearer, and also incorporate your comments for the second sentence. Here is what we would like to use for this language going forward, please let us know if it is acceptable:

“It is necessary to increase premiums due to greater than anticipated claims payments expected over the future lifetime of all policies like this one. Premium rates must be adjusted to ensure current and future claims are adequately funded.”

A John Doe version of this letter is attached.

2. We have attached a revised Actuarial Memorandum reflecting the agreed upon three 12% rate increases for policies with a non-lifetime benefit period and three 22% rate
-

increases for policies with a lifetime benefit period. We have also attached revised premium rate sheets reflecting these increases.

We appreciate your continued review of this filing. Please let us know if you have any questions or need additional information.

Sincerely,

Todd Moltumyr ASA, MAAA

---

Medico™ Insurance Company (formerly Mutual Protective Ins Co)  
Ability Insurance Company (formerly Medico™ Life Insurance Company)  
Omaha, Nebraska  
Actuarial Memorandum - Individual A&H Rate Filing  
Virginia Long Term Care Policy Forms and Riders  
Virginia

1. Purpose of Filing

The purpose of this filing is to demonstrate that the anticipated lifetime loss ratio of these forms meets the minimum state requirements in light of the included rate increase request. It is not intended for any other purpose.

2. Scope of Filing

This filing applies to the Virginia Long Term Care Policy Forms and Riders as shown in the 'Benefits' section. The forms were marketed by independent agents but are not available for sale anymore. This rate revision applies only to inforce business. We are requesting three 12% increases on policies with a non-lifetime benefit period and three 22% increases on policies with a lifetime benefit period. These increases would be implemented at one year intervals. The distribution of inforce business (excluding policies in paid up status) as of 12/31/2012 is as follows:

	Benefit Period	Inforce Policies	Inforce Annual Premium	Avg. Annual Premium (Current Rates)	Avg. Annual Premium (Proposed Rates)
Virginia	Non-Lifetime	71	\$ 138,513	\$1,951	\$2,731
Virginia	Lifetime	156	\$ 379,369	\$2,432	\$4,378
Nationwide	Non-Lifetime	15,248	\$29,576,600	\$1,940	\$2,716
Nationwide	Lifetime	22,239	\$50,218,237	\$2,258	\$4,064

Please note that the variation in each state's average annual premium is impacted by many factors. Examples of such factors - both demographic and policy benefit choices - include average issue age, average daily benefit amount, prevalence of inflation protection, distribution of benefit periods and elimination periods, optional benefits chosen, percentage of policies with marital discounts and underwriting factors, etc.

Note that prior to 2010, separate Actuarial Memoranda by company was filed in your state. We believe it is appropriate to combine both companies into one Actuarial Memorandum in this filing. The reason for this is that the vast majority of policies have novated from Medico Insurance Company to Ability Insurance Company. This means that the experience exhibits by company would look unusual due to some policyholders being included with Medico Insurance Company data for most years and then being included with Ability Insurance Company data beginning in 2009. Currently, over 95% of policyholders that were once covered by Medico Insurance Company have since novated over to Ability Insurance Company. Because of these reasons, and the fact that the policy forms included in this filing are essentially identical for both companies, we believe it is appropriate to combine the experience of both companies for this filing.

3. Benefits

These policies and corresponding riders cover Long Term Care expenses and have been grouped for rating purposes.

**Policy Form 3358 and Rider Forms UR2038, UR2048, UR275, UR204, and UR589R:** Developed in the latter part of 1987, Form 3358 provides benefits for Nursing Home Care and Adult Day Care. The policy also has a provision for Waiver of Premium. The policy pays \$20 a day for maximum of 180 days of Adult Day Care. Five riders were optionally available. UR204 and UR2048 provide inflation protection (Nursing Home Care Only). UR275 deletes the occurrence maximum and increases the lifetime maximum to 5, 10, or unlimited years. UR2038 and UR589R provide Home Health Care benefits.

**Policy Form LT692 and Rider Forms UR592, UR295, and UR295C:** Developed in 1992, Form LT692 provides benefits for Nursing Home Care and Adult Day Care. The policy also has provisions for Waiver of Premium and Survivorship (if both husband and wife have LT692 policies). Additional benefits include bed reservation, alternate plan of care, deferred purchase of inflation coverage, and extended period of reinstatement due to a lapse related to cognitive impairment suffered at time of lapse. The policy pays a daily benefit for Nursing Home Care and Adult Day Care up to 33% of the policy daily benefit. The UR592 provides benefits for Home Health Care. UR295 increases the Nursing Home daily benefit by 5% of the original daily benefit. UR295C increases the Nursing Home daily benefit by 5% of the previous year's daily benefit.

Actuarial Memorandum - Individual A&H Rate Filing  
Virginia Long Term Care Policy Forms and Riders  
Virginia

**Policy Form LT694 and Rider Forms UR268, UR273 and UR-AB-287:** Developed in 1996, Form LT694 provides benefits for Nursing Home Care, Alternative Care, Assisted Living Care, and Adult Day Care. The policy also has provisions for Waiver of Premium. Additional benefits include care giver training, bed reservation, extended period of reinstatement due to a lapse related to cognitive impairment suffered at time of lapse, and restoration of benefits. The policy pays a daily benefit for Nursing Home Care, Alternative Care, Assisted Living up to 50% of the policy daily benefit (80% if care coordinator used), and Adult Day Care up to 50% of the policy daily benefit and lifetime maximum. UR268 increases the policy daily benefit by 5% of the previous year's daily benefit. UR273 is a return of premium rider. UR-AB-287 removes the non-duplication of Medicare benefits.

4. Rate Increase Request, Reasons for and Expected Effect on Premiums

We are requesting three 12% increases on policies with a non-lifetime benefit period and three 22% increases on policies with a lifetime benefit period. These increases would be implemented at one year intervals. We notify policyholders 60 days in advance before implementing a rate increase so it is expected that this rate revision will be implemented approximately 70 days following the approval of this increase.

This rate increase is necessary because projected future morbidity has changed from what was anticipated when the most recent nationwide rate adjustment was requested in 2010. There are several reasons for this change in projected future morbidity:

- The actual 2010-2012 morbidity experience is considerably poorer than projected experience from the 2010 rate increase filing that was submitted in your state.
- New claim cost guidelines were implemented to better reflect future expected experience. These new claim costs are generally higher than the original pricing claim costs.
- Actual versus expected experience was analyzed for each block of business and morbidity adjustment factors were developed. Over the past three years, the actual morbidity was approximately 1.21 times higher than indicated by the new claim cost guidelines. The projection grades that factor down to about 1.02 over the next 15-20 years.
- Morbidity improvement of 0.5% per year was also assumed in the projection to account for the expectation that individuals will become healthier due to advances in health care.

The larger requested increase on our lifetime benefit period policies is due to inequities between our current premium rates by benefit period and the claims experience on the lifetime benefit plan. Furthermore, the new claim cost guidelines are consistent with the past experience of lifetime benefit period policies vs. non-lifetime benefit period policies.

Please note that we are not attempting to recoup past losses for the poor 2010-2012 experience. This rate increase is solely intended to get experience back in line with what was projected in our 2010 rate increase filing for years 2013 and forward. An exhibit comparing the projection from our 2010 filing with our current projection of future business is attached.

We intend to reduce the potential burden of this rate increase by offering policyholders the option to downgrade their coverage to keep the premium rate more affordable. Most policyholders will receive pre-programmed downgrade offers in the rate increase notification letter that would allow them to reduce their premium rate by choosing to increase their elimination period or decrease their benefit period. Policyholders will also be informed that they may call in to our customer service line to discuss other downgrade options as well if they would like to lower their premium rate. It is likely, in many cases, that policyholders who choose to downgrade from a lifetime benefit period could end up paying approximately what they pay today after the increase. Premium rates for lifetime benefit period plans are roughly 15-20% higher than rates for five year benefit period plans and 25-30% higher than rates for four year benefit period plans. Four and five year benefit periods are still rich plans that provide substantial long term care benefits.

As we did when rates were increased in 2010, we will again be providing a contingent non-forfeiture benefit to all policyholders regardless of whether or not their policy covers this benefit. This non-forfeiture benefit would be in the form of a shortened benefit maximum amount/period equal to the amount of premium the policyholder paid in over the lifetime of the policy should the policyholder lapse coverage within 120 days

Medico™ Insurance Company (formerly Mutual Protective Ins Co)  
Ability Insurance Company (formerly Medico™ Life Insurance Company)  
Omaha, Nebraska  
Actuarial Memorandum - Individual A&H Rate Filing  
Virginia Long Term Care Policy Forms and Riders  
Virginia

following the effective date of the rate increase. This benefit will not be reduced by prior claims, although the maximum non-forfeiture benefit will be limited to the remaining maximum benefit amount under the policy.

We recognize this is a large increase to request at one time. We believe it is in the policyholder's best interest to know up front how much of an increase is necessary as it allows them to make an informed decision regarding keeping their current level of coverage inforce, downgrading their policy to lower their premium or choosing the non-forfeiture option. Any delay in this filing via staged partial implementation schedules or because of reductions in the proposed rates, would likely magnify the cumulative total rate increase percentage needed over time for this group of policies.

5. Rate Justification Standard - Minimum Loss Ratio

This filing demonstrates that both the projected future loss ratio and the anticipated lifetime loss ratio are higher than the minimum loss ratio required for long term care policy forms.

6. Rate Increase History

Shown below are the approval dates and the percentage of past rate increases in your state:

Date	3358	692	694
05/07/02	20% / n/a	20% / n/a	20% / 0%
09/02/04	20% / n/a	20% / n/a	20% / 20%
07/10/06	10% / n/a	20% / n/a	20% / 0%
4/21/11**	31.8%	31.8%	31.8%

\* Rate increases for policies originally issued by Medico Insurance Company are shown on the left side and rate increases for policies originally issued by Ability Insurance Company are shown on the right. The "n/a" is shown for forms in which there are no inforce policies for that form and company in your state.

\*\* The 2010 rate increase ranged from 10.0%-40.0% depending on the issue age. The overall average rate increase was 31.8%.

7. Projection Assumptions

The following assumptions were used in order to generate the present value of future premium and claims and their loss ratio.

a. Assumptions that are unchanged from the 2010 rate filing:

Interest - An effective annual rate of interest of 4.50% has been assumed for accumulating past experience and discounting projected future experience.

Terminations – The 1994 GAM mortality table along with an annual voluntary termination rate of 1.5% have been assumed for projecting the inforce into the future.

Experience Data Credibility - The requested rate revision is based on nationwide experience since that gives us the maximum credibility.

b. Assumptions that have been revised since the 2010 rate filing:

Claim Cost Guidelines – Morbidity costs were projected based on claim costs from the 2009 Milliman Long Term Care guidelines with adjustments for actual experience.

A/E Adjustments – Actual versus expected experience was analyzed for each block of business and morbidity adjustment factors were developed. Over the past three years, the actual morbidity was approximately 1.21 times higher than indicated by the new claim cost guidelines. The projection grades that factor down to about 1.02 over the next 15-20 years.

Medico™ Insurance Company (formerly Mutual Protective Ins Co)  
Ability Insurance Company (formerly Medico™ Life Insurance Company)  
Omaha, Nebraska  
Actuarial Memorandum - Individual A&H Rate Filing  
Virginia Long Term Care Policy Forms and Riders  
Virginia

Morbidity Improvement – Morbidity improvement of 0.5% per year was assumed in the projection to account for the expectation that individuals will become healthier due to advances in health care.

Premium Rate Increase - The actual effective dates of the rate increase nationwide will vary depending on state approval dates. For projection purposes, the average nationwide requested premium rate revision of 40% on policies with a non-lifetime benefit period and 80% on policies with a lifetime benefit period has been assumed with a beginning effective date of October 1, 2013 and graded in over five quarters. For all years thereafter, no annual rate increases have been assumed.

#### 8. Past Experience

The attached exhibit shows the past experience for the business. The experience is through December 31, 2012 and is based on nationwide experience. The return of premium riders were excluded from the experience. The accumulated value of past earned premium is \$2,573,665,648 and the accumulated value of past incurred claims is \$1,607,061,105. This results in a loss ratio of 62.4%.

#### 9. Projected Future Experience

The future experience has been generated for 50 years using the business in force as of December 31, 2012. Adjustments have been made to the experience by applying the termination rates and rate increase assumptions as shown in the Projection Assumptions section. The present value of future earned premium is \$790,385,437 and the present value of future incurred claims is \$1,156,961,406. This results in a loss ratio of 146.4%.

This filing is intended to return the future experience of this block to the level projected in 2010. As shown in the attached exhibit, this rate increase, if approved as assumed would result in the following as compared to the 2010 filing:

Projection Years 2013+	2010 Filing	Current Projection Without Increase	Current Projection With Increase
PV Future EP (in millions)	\$558.9	\$516.2	\$790.4
PV Future Claims (in millions)	\$922.8	\$1,139.2	\$1,157.0
PV Future (EP – Claims) (in millions)	-\$363.9	-\$623.1	-\$366.6

#### 10. Anticipated Lifetime Loss Ratio

The anticipated lifetime loss ratio is defined as the sum of the present value of past and projected incurred claims divided by the sum the present value of past and future earned premium. These values are summarized below:

Experience Period	Earned Premium	Incurred Claims	Loss Ratio
Past Years	2,573,665,648	1,607,061,105	62.4%
Projected Future	790,385,437	1,156,961,406	146.4%
Anticipated Lifetime	3,364,051,085	2,764,022,511	82.2%

The projected future loss ratio and the anticipated lifetime loss ratio are both greater than the required minimum loss ratio of 60%. This demonstrates that the premium and claims experience meets the minimum loss ratio requirements.

JOHN DOE  
123 MAIN ST  
ANYTOWN, VA #####

Policy No: 0T0000  
Insured: John Doe

Dear John Doe:

The purpose of this letter is to notify you that the premium for the above policy is increasing. This is not a premium notice; if you are a direct, paper bill mode you will receive a notice of premium due approximately 30 days before the premium is due. Your future premium rate(s) will be as follows:

- \* The Semi-Annual renewal premium rate of \$1000.00 will become effective on 03/20/2014, for a percentage increase of 12.0%. Please note that this premium rate does not reflect any future rate increases that may occur.
- \* The Semi-Annual renewal premium rate of \$1120.00 will become effective on 03/20/2015, for a percentage increase of 12.0%. Please note that this premium rate does not reflect any future rate increases that may occur.
- \* The Semi-Annual renewal premium rate of \$1254.40 will become effective on 03/20/2016, for a percentage increase of 12.0%. Please note that this premium rate does not reflect any future rate increases that may occur.

It is necessary to increase premiums due to greater than anticipated claims payments expected over the future lifetime of all policies like this one. Premium rates must be adjusted to ensure current and future claims are adequately funded. We encourage you to maintain this policy as it will continue to provide valuable coverage. We do understand this premium increase may make it more difficult to continue the current level of coverage.

You may wish to consider reducing the level of coverage in order to make premiums more affordable. We have provided you with the attached benefit adjustment offer(s) as an alternative to the current plan while still maintaining essential coverage.

If you would like to investigate additional benefit adjustment offers, not mentioned in the attached, please call our dedicated Customer Support Department, toll free at 1-877-795-8493.

Please discuss potential policy changes with your family or advisors as well as our Customer Support Department to make sure any changes to your policy will best suit your needs.

If you determine that you would like to discontinue this coverage we will provide a contingent benefit upon lapse benefit. The contingent benefit upon lapse benefit is a pool of money that you can use to fund future long term care expenses. If you elect this option, the policy will have benefits available that equal the sum of the premiums paid into the policy from the issue date through the current paid to date. To determine the number of days payable under the policy, the sum of all premiums paid is divided by Daily Benefit at the time of lapse. Benefit Eligibility is determined by the policy terms and all benefits paid by us will not

Policy Holder Services Department  
PO Box 3735  
Omaha, NE 68103

Phone: (877) 795-8493  
Fax: (877) 855-7817

exceed the maximum benefits which would have been payable if the policy had remained in premium paying status.

This contingent benefit upon lapse benefit acts as a form of reduced paid up coverage and will be available should you choose to lapse the coverage at any point between now and 120 days following the effective date the new premium rates take effect. If you would like to elect this benefit please send your request to us in writing.

We would like to stress the importance of retaining this valuable coverage. Renewing coverage now is the best way to ensure that coverage will be available in the future when you need it most. If you have any questions please contact us at 877-795-8493, electing option 2 at the prompt, and a customer support representative will be happy to assist you.

Sincerely,

Customer Support Department  
Ability Resources, Inc.  
Third Party Administrator for Ability Insurance

**BENEFIT ADJUSTMENT OPTION RETURN FORM**

Date: 1/14/2014

Policyholder: John Doe  
Policy Number: OT00000

If you would like to implement one of the benefit adjustment options listed in this letter please circle the option you would like to exercise and then sign, date, and return this page using the enclosed envelope. Please return your option to us within 45 days from the date of this letter.

If you would like to investigate additional benefit adjustment offers, not mentioned below, please call our dedicated Customer Support Department, toll free at 1-877-795-8493.

**If you do not wish to implement any of these benefit adjustment options you do not need to return anything to us.**

- \* Reduce your Benefit Period from 5 Years to 4 Years for a new Semi-Annual premium of \$\$\$\$\$
- \* Reduce your Benefit Period from 5 Years to 3 Years for a new Semi-Annual premium of \$\$\$\$\$
- \* Increase your Elimination Period from 0 Days to 90 Days for a new Semi-Annual premium of \$\$\$\$\$
- \* Reduce your Benefit Period from 5 Years to 4 Years and increase your Elimination Period from 0 Days to 90 Days for a new Semi-Annual premium of \$\$\$\$\$

By signing and returning this page, Ability Insurance Company will change the policy's available benefits, effective 03/20/2014, to the choice you selected above. You will receive an updated benefit rider once this change to the policy has been made. Please note that the above premium rates are for the current rate increase period and do not reflect any future rate increases that may occur, whether mentioned in this letter or not.

Signature \_\_\_\_\_ Date \_\_\_\_\_

If anyone other than the policyholder signs above, we must have copies of Durable Financial Power of Attorney papers or other legal representative papers on file.

**Subject: Long Term Care Insurance Rate Filing – Objection Dated January 29, 2013**

---

This memo is in response to the captioned Objection Letter from Janet Hauser of the Virginia Insurance Department regarding our LTC rate increase filing. This response addresses the objections in the same order they were listed in the letter.

1. We believe that we have now corrected the slight form naming discrepancies in the filing.
2. Thank you for your constructive comments on our letter and recommending our new version for approval.
3. We have revised the Rate Summary to incorporate a more consumer friendly explanation regarding the necessity of this rate increase.
4. An updated rate filing status by state is attached.
5. We moved the Actuarial Memorandum to the L&H Actuarial Memorandum tab under Supporting Documentation.

We appreciate your continued review of this filing. Please let us know if you have any questions or need additional information.

Sincerely,

Todd Moltumyr ASA, MAAA

Attach a brief narrative to summarize the key information used to develop the rates including the main drivers for new or revised rates.

This document is intended to help explain the rate filing and it is only a summary of the company's request. It is not intended to describe or include all factors or information considered in the review process. For more detailed information, please refer to the complete filing.

Premium rates on your policy are being raised as a result of morbidity, which include both the incidence of illness in the population and the duration of the illness. Both the incidence and duration of illness in the population have been higher than initially anticipated. The higher morbidity combined with the cost of care continuing to increase means that premium rates must be adjusted to ensure current and future claims are adequately funded.

**Subject: Long Term Care Insurance Rate Filing – Phone Call From February 3, 2014**

---

This memo is in response to the captioned phone call from Janet Hauser of the Virginia Insurance Department regarding our LTC rate increase letter.

1. The revised letter is attached. I will discuss each item you brought up with Bev in your phone call yesterday.
  - a. The original John Doe version I sent you was slightly incorrect regarding the sentence “Please note that this premium rate does not reflect any future rate increases that may occur.” That sentence is only included in the last bullet point, and I fixed that in this version. When creating the John Doe version I mistakenly added it to all three bullet points. The reason we have this sentence in there after the last bullet point is because we do not want the policyholder to misunderstand that although we are quoting multiple future premium rates, it does not mean that premium rates can never go up after that.
  - b. As requested, we added the word “Enclosure” at the end of the letter to help ensure that the policyholder notices the Benefit Adjustment Option Return Form.
  - c. We strongly disagree with putting the cumulative increase in the letter. We believe putting each individual percentage increase is clearer and easier for the policyholder to understand. We also believe that putting in the cumulative increase could confuse some policyholders and have them believe that the second and third increases are much larger than they actually are. The letter shows the exact premium rates the policyholder will be paying in future years and the percentage increase each year. We worked closely with the Colorado DOI to develop the language used in the letter to denote the three rate increases, and they appreciated how clearly we illustrate the future premium rates of the policyholder.

Please let us know if this new version of the letter is acceptable.

We appreciate your continued review of this filing. Please let us know if you have any questions or need additional information.

Sincerely,

Todd Moltumyr ASA, MAAA

JOHN DOE  
123 MAIN ST  
ANYTOWN, VA #####

Policy No: 0T0000  
Insured: John Doe

Dear John Doe:

The purpose of this letter is to notify you that the premium for the above policy is increasing. This is not a premium notice; if you are a direct, paper bill mode you will receive a notice of premium due approximately 30 days before the premium is due. Your future premium rate(s) will be as follows:

- \* The Semi-Annual renewal premium rate of \$1000.00 will become effective on 03/20/2014, for a percentage increase of 12.0%.
- \* The Semi-Annual renewal premium rate of \$1120.00 will become effective on 03/20/2015, for a percentage increase of 12.0%.
- \* The Semi-Annual renewal premium rate of \$1254.40 will become effective on 03/20/2016, for a percentage increase of 12.0%. Please note that this premium rate does not reflect any future rate increases that may occur.

It is necessary to increase premiums due to greater than anticipated claims payments expected over the future lifetime of all policies like this one. Premium rates must be adjusted to ensure current and future claims are adequately funded. We encourage you to maintain this policy as it will continue to provide valuable coverage. We do understand this premium increase may make it more difficult to continue the current level of coverage.

You may wish to consider reducing the level of coverage in order to make premiums more affordable. We have provided you with the attached benefit adjustment offer(s) as an alternative to the current plan while still maintaining essential coverage.

If you would like to investigate additional benefit adjustment offers, not mentioned in the attached, please call our dedicated Customer Support Department, toll free at 1-877-795-8493.

Please discuss potential policy changes with your family or advisors as well as our Customer Support Department to make sure any changes to your policy will best suit your needs.

If you determine that you would like to discontinue this coverage we will provide a contingent benefit upon lapse benefit. The contingent benefit upon lapse benefit is a pool of money that you can use to fund future long term care expenses. If you elect this option, the policy will have benefits available that equal the sum of the premiums paid into the policy from the issue date through the current paid to date. To determine the number of days payable under the policy, the sum of all premiums paid is divided by Daily Benefit at the time of lapse. Benefit Eligibility is determined by the policy terms and all benefits paid by us will not exceed the maximum benefits which would have been payable if the policy had remained in premium paying status.

Policy Holder Services Department  
PO Box 3735  
Omaha, NE 68103

Phone: (877) 795-8493  
Fax: (877) 855-7817

This contingent benefit upon lapse benefit acts as a form of reduced paid up coverage and will be available should you choose to lapse the coverage at any point between now and 120 days following the effective date the new premium rates take effect. If you would like to elect this benefit please send your request to us in writing.

We would like to stress the importance of retaining this valuable coverage. Renewing coverage now is the best way to ensure that coverage will be available in the future when you need it most. If you have any questions please contact us at 877-795-8493, electing option 2 at the prompt, and a customer support representative will be happy to assist you.

Sincerely,

Customer Support Department

**Subject: Long Term Care Insurance Rate Filing – Objection From February 5, 2014**

---

This memo is in response to the captioned phone call from Janet Hauser of the Virginia Insurance Department regarding our LTC rate increase letter.

1. While it is still our preference not to show the total increase, we are fine with making the first change you recommended, which is showing the total increase at the end of the first sentence of the letter.

We are still strongly against adding your second recommended change as that would make it impossible to use the same letter in all states. You are requesting that we add the words:

“The \_\_\_\_% premium increase would be phased in over a three year period”

This phrase would not work in other states for several reasons. For one, in both Iowa and Colorado the increase for the non-lifetime benefit period is phased in with two 20% increases instead of the three 12% increases like we are doing in Virginia. Secondly, some forms in those other states have a two year rate guarantee so while the increase is still phased in over time, the increases are two years apart rather than one year apart. Lastly, most states just receive one increase so this phrase would not apply at all.

Please let us know if just showing the total increase at the end of the first sentence of the letter is acceptable.

We appreciate your continued review of this filing. Please let us know if you have any questions or need additional information.

Sincerely,

Todd Moltumyr ASA, MAAA

JOHN DOE  
123 MAIN ST  
ANYTOWN, VA #####

Policy No: 0T0000  
Insured: John Doe

Dear John Doe:

The purpose of this letter is to notify you that the premium for the above policy is increasing \_\_\_\_%. This is not a premium notice; if you are a direct, paper bill mode you will receive a notice of premium due approximately 30 days before the premium is due. Your future premium rate(s) will be as follows:

- \* The Semi-Annual renewal premium rate of \$1000.00 will become effective on 03/20/2014, for a percentage increase of 12.0%.
- \* The Semi-Annual renewal premium rate of \$1120.00 will become effective on 03/20/2015, for a percentage increase of 12.0%.
- \* The Semi-Annual renewal premium rate of \$1254.40 will become effective on 03/20/2016, for a percentage increase of 12.0%. Please note that this premium rate does not reflect any future rate increases that may occur.

It is necessary to increase premiums due to greater than anticipated claims payments expected over the future lifetime of all policies like this one. Premium rates must be adjusted to ensure current and future claims are adequately funded. We encourage you to maintain this policy as it will continue to provide valuable coverage. We do understand this premium increase may make it more difficult to continue the current level of coverage.

You may wish to consider reducing the level of coverage in order to make premiums more affordable. We have provided you with the attached benefit adjustment offer(s) as an alternative to the current plan while still maintaining essential coverage.

If you would like to investigate additional benefit adjustment offers, not mentioned in the attached, please call our dedicated Customer Support Department, toll free at 1-877-795-8493.

Please discuss potential policy changes with your family or advisors as well as our Customer Support Department to make sure any changes to your policy will best suit your needs.

If you determine that you would like to discontinue this coverage we will provide a contingent benefit upon lapse benefit. The contingent benefit upon lapse benefit is a pool of money that you can use to fund future long term care expenses. If you elect this option, the policy will have benefits available that equal the sum of the premiums paid into the policy from the issue date through the current paid to date. To determine the number of days payable under the policy, the sum of all premiums paid is divided by Daily Benefit at the time of lapse. Benefit Eligibility is determined by the policy terms and all benefits paid by us will not exceed the maximum benefits which would have been payable if the policy had remained in premium paying status.

---	--

Attach a brief narrative to summarize the key information used to develop the rates including the main drivers for new or revised rates.

This document is intended to help explain the rate filing and it is only a summary of the company's request. It is not intended to describe or include all factors or information considered in the review process. For more detailed information, please refer to the complete filing.

Premium rates on your policy are being raised as a result of morbidity, which include both the incidence of illness in the population and the duration of the illness. Both the incidence and duration of illness in the population have been higher than initially anticipated. The higher morbidity combined with the cost of care continuing to increase means that premium rates must be adjusted to ensure current and future claims are adequately funded.

**Subject: Long Term Care Insurance Rate Filing – Objection From April 18, 2014**

---

This memo is in response to the captioned phone call from Janet Hauser of the Virginia Insurance Department regarding our LTC rate increase letter.

1. We confirm that the contingent benefit upon lapse benefit is offered to policyholders that do not have that coverage automatically built into their original policy. We do not restrict the trigger by the cumulative amount of prior rate increases. Thus, even if the cumulative increases are below the threshold, those policyholders would still receive the contingent benefit. The only policyholders that will not receive a contingent benefit upon lapse are those that receive a return of premium benefit upon lapse of their coverage. There are only three active policyholders in Virginia that currently would receive a return of premium benefit if they lapsed coverage.
2. We added a new sentence to the letter to address the guaranteed renewable nature of the product. The sentence is at the end of the second paragraph.
3. The contingent benefit upon lapse benefit will be offered for each increase. As stated in item #1, we do not restrict the trigger by cumulative amount of prior rate increases.
4. We mail the rate increase notification letter 65 days prior to the effective date of the increase.
5. With regard to the new loss ratio standards for pre-rate-stability policy forms, we confirm compliance with the following:
  - The greater of 60% or the lifetime loss ratio used in the original pricing, applied to the current rate schedule on the effective date of these new requirements; plus
  - 80% applied to any premium increase that is filed after the date on an individual policy form

We appreciate your continued review of this filing. Please let us know if you have any questions or need additional information.

Sincerely,

Todd Moltumyr ASA, MAAA

JOHN DOE  
123 MAIN ST  
ANYTOWN, VA #####

Policy No: 0T0000  
Insured: John Doe

Dear John Doe:

The purpose of this letter is to notify you that the premium for the above policy is increasing by \_\_\_\_%. This is not a premium notice; if you are a direct, paper bill mode you will receive a notice of premium due approximately 30 days before the premium is due. Your future premium rate(s) will be as follows:

- \* The Semi-Annual renewal premium rate of \$1000.00 will become effective on 03/20/2014, for a percentage increase of 12.0%.
- \* The Semi-Annual renewal premium rate of \$1120.00 will become effective on 03/20/2015, for a percentage increase of 12.0%.
- \* The Semi-Annual renewal premium rate of \$1254.40 will become effective on 03/20/2016, for a percentage increase of 12.0%. Please note that this premium rate does not reflect any future rate increases that may occur.

It is necessary to increase premiums due to greater than anticipated claims payments expected over the future lifetime of all policies like this one. Premium rates must be adjusted to ensure current and future claims are adequately funded. We encourage you to maintain this policy as it will continue to provide valuable coverage. We do understand this premium increase may make it more difficult to continue the current level of coverage. Please note that your coverage is guaranteed renewable for the lifetime of the policy, however, premium rates may increase in the future.

You may wish to consider reducing the level of coverage in order to make premiums more affordable. We have provided you with the attached benefit adjustment offer(s) as an alternative to the current plan while still maintaining essential coverage.

If you would like to investigate additional benefit adjustment offers, not mentioned in the attached, please call our dedicated Customer Support Department, toll free at 1-877-795-8493.

Please discuss potential policy changes with your family or advisors as well as our Customer Support Department to make sure any changes to your policy will best suit your needs.

If you determine that you would like to discontinue this coverage we will provide a contingent benefit upon lapse benefit. The contingent benefit upon lapse benefit is a pool of money that you can use to fund future long term care expenses. If you elect this option, the policy will have benefits available that equal the sum of the premiums paid into the policy from the issue date through the current paid to date. To determine the number of days payable under the policy, the sum of all premiums paid is divided by Daily Benefit at the time of lapse. Benefit Eligibility is determined by the policy terms and all benefits paid by us will not exceed the maximum benefits which would have been payable if the policy had remained in premium paying status.

**Subject: Long Term Care Insurance Rate Filing – Telephone Call From September 12, 2014**

---

This memo is in response to the captioned phone call from Janet Hauser of the Virginia Insurance Department regarding our LTC rate increase letter.

1. You are correct, the average rate increase percentages did change slightly from what was originally submitted. There were two reasons why the percentages changed. The original average number was 69.302% for both Ability and Medico Insurance Company. This was the average rate increase based on the requested increase of 40% for non-lifetime benefit periods and 80% for the lifetime benefit period, for both companies combined based on the distribution of business for both companies combined.

Subsequent to the initial filing we were asked to revise the rate increase percentages we were showing to reflect the new increases that the Department might be willing to approve (three 12% increases for the non-lifetime benefit periods for a cumulative amount of 40.493% and three 22% increases for the lifetime benefit period for a cumulative amount of 81.585%) and also to calculate the percentages separately by company.

The following chart shows how these average rate increase percentages were calculated:

Company	Non-Life Inf. Prem.	Lifetime Inf. Prem.	Non-Life Rate Incr.	Lifetime Rate Incr.	Average Rate Incr.
Original – AIC/MIC	\$138,513	\$379,369	40%	80%	69.302%
Current – Ability	\$107,111	\$292,962	40.493%	81.585%	70.584%
Current – Medico	\$ 31,402	\$ 86,407	40.493%	81.585%	70.632%

Please let us know if you would like us to go back to what was originally submitted.

2. We also would like to let the Department know that we have completely revamped our rate increase notification letter since our last correspondence. We went through a thorough review of our letter with our customer service and legal departments to hopefully develop the best rate increase notification letter in the industry. The body and formatting of the letter changed significantly by adding headings and sections that explain exactly what options the policyholder has to continue coverage. A Frequently Asked Questions section was also added to the letter, as was an additional form to help make it easier for the policyholder to understand the contingent non-forfeiture benefit.
-

We also compared this revised letter with the rate increase notification letters of other companies to help ensure our letter was as clear and informative as possible.

We appreciate your continued review of this filing. Please let us know if you have any questions or need additional information.

Sincerely,

Todd Moltumyr ASA, MAAA

---

09/21/2014

POLICYHOLDER  
ADDRESS  
ADDRESS

Policy No: XXXXX  
Insured: XXXXX

Dear XXXXX:

We value your business and want to thank you for choosing Ability Insurance Company to provide your long term care coverage. We are committed to ensuring that your long term care insurance benefits are there when you need them.

The purpose of this letter is to notify you that we have determined that it is necessary to increase premiums for your coverage. This notice is not a premium notice; if you are on a direct, paper bill mode you will receive a notice of premium due approximately 30 days before the premium is due. Your future premium rate(s) will be as follows:

- \* The Semi-Annual renewal premium rate of \$1000.00 will become effective on 11/25/2014. This represents a percentage increase of 12.0%.
- \* The Semi-Annual renewal premium rate of \$1120.00 will become effective on 11/25/2015. This represents a percentage increase of 12.0%.
- \* The Semi-Annual renewal premium rate of \$1254.40 will become effective on 11/25/2016. This represents a percentage increase of 12.0%. Please note that this premium rate does not reflect any future rate increases that may occur.

#### **Reasons for the Premium Increase**

It is necessary to increase premiums due to greater than anticipated claims payments expected over the lifetime of all policies like this one. Premium rates must be adjusted to ensure current and future claims are adequately funded. Please be assured that you have not been singled out and this is not a reflection of any previous claims history you may have had.

#### **Options Available To You:**

We do understand that this premium increase may make it more difficult to continue your current level of coverage. Please know that we do not take this action lightly and we recognize that raising premiums may have a significant impact on you. As such, below are options that you may consider at this time:

- 1. Continue current level of coverage:** Keep your exact coverage without any changes and the new premium will take effect on 08/15/2014. If we do not hear from you, then we will assume that you have accepted the higher premium amount.
- 2. Adjust your coverage:** You may consider adjusting the level of coverage in order to make premiums more affordable. We have provided you with the attached Benefit Adjustment Options Return Form, which illustrates the available policy adjustment offer(s) as an alternative to the current plan, while still maintaining essential coverage. If you would like to investigate additional benefit adjustment options,

not mentioned in the attached, please call our dedicated Customer Support Department, toll free at 1-877-795-8493.

Please discuss potential policy changes with your family or financial advisors as well as our Customer Support Department to make sure any changes to your policy will best suit your needs.

- 3. Elect the Contingent Benefit Upon Lapse:** If you determine that you would like to discontinue this coverage we will provide a Contingent Benefit Upon Lapse. The Contingent Benefit Upon Lapse is a pool of money that you can use to fund future long-term care expenses. If you elect this option, the policy will have benefits available that equal the sum of the premiums paid into the policy from the issue date through the current paid to date. To determine the number of days payable under the policy, the sum of all premiums paid is divided by the Daily Benefit at the time of lapse. Benefit Eligibility is determined by the policy terms and all benefits paid by us will not exceed the maximum benefits which would have been payable if the policy had remained in premium paying status.

This Contingent Benefit Upon Lapse acts as a form of reduced paid up coverage and will be available should you choose to lapse the coverage at any point between now and 120 days following the date the new premium rates take effect. If you would like to elect this benefit please complete and return the enclosed Request to Exercise Contingent Benefit Upon Lapse form. If you do not complete this form, and you lapse your policy within 120 days after the effective date of the rate increase, this benefit will be automatically applied.

When you purchased your long-term care coverage, you made a conscious decision to protect yourself and your family from the increasing costs associated with long-term care, which can be significant; therefore we would like to stress the importance of retaining this valuable coverage. Before considering the options above, please carefully evaluate your situation and your reasons for initially purchasing this coverage.

We have enclosed additional information about this increase in the Frequently Asked Questions document. For any additional questions, please call our customer service center at 877-795-8493, electing option 2 at the prompt, and a customer support representative will be happy to assist you.

Sincerely,

Customer Support Department

**BENEFIT ADJUSTMENT OPTION RETURN FORM**

Date: 9/21/2014

Policyholder: XXXXX

Policy Number: XXXXX

If you would like to implement one of the benefit adjustment options listed in this letter please circle the option you would like to exercise and then sign, date, and return this page using the enclosed envelope. Please return your option to us within 45 days from the date of this letter.

If you would like to investigate additional benefit adjustment offers, not mentioned below, please call our dedicated Customer Support Department, toll free at 1-877-795-8493.

**If you do not wish to implement any of these benefit adjustment options you do not need to return this form to us.**

- \* Reduce your policy maximum from Lifetime to 5 Years for a new Semi-Annual premium of \$####.##
- \* Reduce your policy maximum from Lifetime to 4 Years for a new Semi-Annual premium of \$####.##
- \* Increase your Elimination Period from 0 Days to 90 Days for a new Semi-Annual premium of \$####.##
- \* Reduce your policy maximum from Lifetime to 5 Years and increase your Elimination Period from 0 Days to 90 Days for a new Semi-Annual premium of \$####.##

Please be aware when considering these options, that if you choose to reduce the maximum available under your policy, then any prior claims made on your policy will affect the benefits available after the reduction.

By signing and returning this page, Ability Insurance Company will change the policy's available benefits, effective 11/25/2014, to the choice you selected above. You will receive an updated benefit rider once this change to the policy has been made. Please note that the above premium rates are for the current rate increase period and do not reflect any future rate increases that may occur, whether mentioned in this letter or not.

Signature \_\_\_\_\_ Date \_\_\_\_\_

If anyone other than the policyholder signs above, we must have copies of Durable Financial Power of Attorney papers or other legal representative papers on file.

**REQUEST TO EXERCISE CONTINGENT BENEFIT UPON LAPSE**

Date: 9/25/2014

Policyholder: XXXXX

Policy Number: XXXXX

NOTE: This benefit can be elected by either lapsing your coverage by means of not paying your premium, or by completing and returning this form to us. Either way your election for this coverage must be made within 120 days following the effective date of this rate increase. ***If you do not want to exercise the Contingent Benefit Upon Lapse, then you do not need to complete this form.***

By completing and returning this form, I am electing to stop paying premiums for my long term care coverage and I am exercising the Contingent Benefit Upon Lapse option available with this rate increase.

By exercising this option, I understand that:

- My new maximum benefit amount under this policy will be equal to the sum of the premiums paid into the policy from the issue date through the current paid to date or the remaining amount of benefits available under the policy; whichever is less; and,
- Once I exercise this option, I will only be able to reinstate my original maximum benefit amount if I submit a premium payment within 65 days from my premium due date; and,
- I must meet the eligibility requirements required under the Policy in order to receive benefit payments.

**By signing below I agree to elect the Contingent Benefit Upon Lapse and I agree to all of the above.**

Signature \_\_\_\_\_ Date \_\_\_\_\_

If anyone other than the policyholder signs above, we must have copies of Durable Financial Power of Attorney papers or other legal representative papers on file.

### **FREQUENTLY ASKED QUESTIONS FOR INSURED**

**Q. Why is my premium increasing?**

A: It is necessary to increase premiums due to greater than anticipated claims payments expected over the lifetime of all policies like this one. Many of the pricing assumptions that were common in the industry when your product was originally marketed have not developed as expected. The factors that contribute to the higher anticipated claims payments include morbidity, persistency and mortality. The claims experience trends have emerged higher than originally priced and more policyholders have kept their coverage inforce, resulting in more claims in the later policy durations. This premium increase will help ensure that the Company is able to live up to its obligations to you as a policyholder.

**Q. When will my premium increase?**

A: Premium for your inforce coverage will increase on the date specified in your letter. If your premium is paid through automatic bank draft, your new premium will be deducted automatically from your account on the stated date. If you pay your premium by direct bill (by check) you will receive a premium notice for the increased amount approximately 30 days before that premium due date.

**Q. I thought my premium could never go up. Am I being singled out for this rate increase because of my age or health?**

A: No. Your premium rates for long term care insurance will never change based on changes in your age or health. As stated in your policy, we can only change premium rates on a class basis, not an individual basis. This means that the rates have been changed on all policies like yours on a statewide class basis. Even though you may not have used your policy, we need to ensure that we can deliver on the promises of the policy should you need to make a claim in the future.

**Q. Will my premium continue to increase?**

A: It is possible that future rate increases will be necessary. The Company will continue to monitor emerging claims experience to ensure that it is able to deliver on the promises of your policy, primarily to pay any future claims you might incur.

**Q. Have other insurance companies raised their long term care rates?**

A: Yes. The deviations from expected claim and persistency assumptions that the Company has experienced have also been experienced by other long term care insurance carriers. Numerous other carriers have also implemented rate increases for long term care policies.

**Q. What are the options to reduce my coverage?**

A: Please refer to the Benefit Adjustment Option Return Form for a description of some of the options available to you. If there are no specific options listed in your letter, or you would like to investigate additional options, please contact our customer service center at 877-795-8493, pressing option 2 at the prompt.

**Q. I want to maintain an active premium paying policy, how do I change my coverage?**

A: To change your coverage we require your request in writing. You may submit the Benefit Adjustment Option Return Form included with your notification letter, or you may contact our customer service center at 877-795-8493, pressing option 2 at the prompt, to obtain a proposed benefit adjustment form for those options not identified in your letter.

**Q. How long do I have to make any coverage changes before the effective date of the increase?**

A: You can change your coverage at any time, however in order for us to process any changes before the rate increase effective date you should submit your election to us 15 business days in advance of the effective date of the increase.

**Q. I am currently receiving Long Term Care benefits. Do I have to remit the new premium?**

A: The premium increase will not impact your current claim benefits. Your policy will continue to provide you with the benefits in accordance with the terms of the coverage you purchased. If your policy contains a provision that waives premium and you are currently receiving that benefit, the new premium will also be waived until such time as you are no longer eligible for waiver of premium, as stated in your policy. You will have to pay the increased premium only after you return to a premium paying status. If your policy does not have a waiver of premium provision or if you do not qualify under this provision, then the premium increase will impact you, even if you are on claim. Please refer to the "Options Available To You" section of the rate increase notification letter.

**Q. What safety measures are in place should an insurer file for bankruptcy and not be able to meet their current claim obligations?**

A: The premium increases are designed to prevent this from happening. Also, all states have what are known as Guaranty Associations. In the event that a company cannot meet its claim obligations, these Guaranty Associations will pay claims up to a certain cap, which varies by state.

For more information, please see the National Organization of Life & Health Guaranty Associations at <http://www.nolhga.com>.

**Q. Whom should I contact if I have additional questions about this rate increase?**

A: If you have additional questions, please contact our customer service center at 877-795-8493, pressing option 2 at the prompt. The office hours are Monday through Thursday 7:45 a.m. to 4:45 p.m. Central time and Friday 7:45 a.m. to 11:30 a.m. Central time.

Medico™ Insurance Company (formerly Mutual Protective Ins Co)  
Ability Insurance Company (formerly Medico™ Life Insurance Company)  
Omaha, Nebraska  
Actuarial Memorandum - Individual A&H Rate Filing  
Virginia Long Term Care Policy Forms and Riders  
Virginia

1. Purpose of Filing

The purpose of this filing is to demonstrate that the anticipated lifetime loss ratio of these forms meets the minimum state requirements in light of the included rate increase request. It is not intended for any other purpose.

2. Scope of Filing

This filing applies to the Virginia Long Term Care Policy Forms and Riders as shown in the 'Benefits' section. The forms were marketed by independent agents but are not available for sale anymore. This rate revision applies only to inforce business. We are requesting three 12% increases on policies with a non-lifetime benefit period and three 22% increases on policies with a lifetime benefit period. These increases would be implemented at one year intervals. The distribution of inforce business (excluding policies in paid up status) as of 12/31/2012 is as follows:

	Benefit Period	Inforce Policies	Inforce Annual Premium	Avg. Annual Premium (Current Rates)	Avg. Annual Premium (Proposed Rates)
Virginia	Non-Lifetime	71	\$ 138,513	\$1,951	\$2,731
Virginia	Lifetime	156	\$ 379,369	\$2,432	\$4,378
Nationwide	Non-Lifetime	15,248	\$29,576,600	\$1,940	\$2,716
Nationwide	Lifetime	22,239	\$50,218,237	\$2,258	\$4,064

Please note that the variation in each state's average annual premium is impacted by many factors. Examples of such factors - both demographic and policy benefit choices - include average issue age, average daily benefit amount, prevalence of inflation protection, distribution of benefit periods and elimination periods, optional benefits chosen, percentage of policies with marital discounts and underwriting factors, etc.

Note that prior to 2010, separate Actuarial Memoranda by company was filed in your state. We believe it is appropriate to combine both companies into one Actuarial Memorandum in this filing. The reason for this is that the vast majority of policies have novated from Medico Insurance Company to Ability Insurance Company. This means that the experience exhibits by company would look unusual due to some policyholders being included with Medico Insurance Company data for most years and then being included with Ability Insurance Company data beginning in 2009. Currently, over 95% of policyholders that were once covered by Medico Insurance Company have since novated over to Ability Insurance Company. Because of these reasons, and the fact that the policy forms included in this filing are essentially identical for both companies, we believe it is appropriate to combine the experience of both companies for this filing.

3. Benefits

These policies and corresponding riders cover Long Term Care expenses and have been grouped for rating purposes.

**Policy Form 3358 and Rider Forms UR2038, UR2048, UR275, UR204, and UR589R:** Developed in the latter part of 1987, Form 3358 provides benefits for Nursing Home Care and Adult Day Care. The policy also has a provision for Waiver of Premium. The policy pays \$20 a day for maximum of 180 days of Adult Day Care. Five riders were optionally available. UR204 and UR2048 provide inflation protection (Nursing Home Care Only). UR275 deletes the occurrence maximum and increases the lifetime maximum to 5, 10, or unlimited years. UR2038 and UR589R provide Home Health Care benefits.

**Policy Form LT692 and Rider Forms UR592, UR295, and UR295C:** Developed in 1992, Form LT692 provides benefits for Nursing Home Care and Adult Day Care. The policy also has provisions for Waiver of Premium and Survivorship (if both husband and wife have LT692 policies). Additional benefits include bed reservation, alternate plan of care, deferred purchase of inflation coverage, and extended period of reinstatement due to a lapse related to cognitive impairment suffered at time of lapse. The policy pays a daily benefit for Nursing Home Care and Adult Day Care up to 33% of the policy daily benefit. The UR592 provides benefits for Home Health Care. UR295 increases the Nursing Home daily benefit by 5% of the original daily benefit. UR295C increases the Nursing Home daily benefit by 5% of the previous year's daily benefit.

Ability Insurance Company (formerly Medico™ Life Insurance Company)  
Omaha, Nebraska  
Actuarial Memorandum - Individual A&H Rate Filing  
Virginia Long Term Care Policy Forms and Riders  
Virginia

**Policy Form LT694 and Rider Forms UR268, UR273 and UR-AB-287:** Developed in 1996, Form LT694 provides benefits for Nursing Home Care, Alternative Care, Assisted Living Care, and Adult Day Care. The policy also has provisions for Waiver of Premium. Additional benefits include care giver training, bed reservation, extended period of reinstatement due to a lapse related to cognitive impairment suffered at time of lapse, and restoration of benefits. The policy pays a daily benefit for Nursing Home Care, Alternative Care, Assisted Living up to 50% of the policy daily benefit (80% if care coordinator used), and Adult Day Care up to 50% of the policy daily benefit and lifetime maximum. UR268 increases the policy daily benefit by 5% of the previous year's daily benefit. UR273 is a return of premium rider. UR-AB-287 removes the non-duplication of Medicare benefits.

4. Rate Increase Request, Reasons for and Expected Effect on Premiums

We are requesting three 12% increases on policies with a non-lifetime benefit period and three 22% increases on policies with a lifetime benefit period. These increases would be implemented at one year intervals. We notify policyholders 60 days in advance before implementing a rate increase so it is expected that this rate revision will be implemented approximately 70 days following the approval of this increase.

This rate increase is necessary because projected future morbidity has changed from what was anticipated when the most recent nationwide rate adjustment was requested in 2010. There are several reasons for this change in projected future morbidity:

- The actual 2010-2012 morbidity experience is considerably poorer than projected experience from the 2010 rate increase filing that was submitted in your state.
- New claim cost guidelines were implemented to better reflect future expected experience. These new claim costs are generally higher than the original pricing claim costs.
- Actual versus expected experience was analyzed for each block of business and morbidity adjustment factors were developed. Over the past three years, the actual morbidity was approximately 1.21 times higher than indicated by the new claim cost guidelines. The projection grades that factor down to about 1.02 over the next 15-20 years.
- Morbidity improvement of 0.5% per year was also assumed in the projection to account for the expectation that individuals will become healthier due to advances in health care.

The larger requested increase on our lifetime benefit period policies is due to inequities between our current premium rates by benefit period and the claims experience on the lifetime benefit plan. Furthermore, the new claim cost guidelines are consistent with the past experience of lifetime benefit period policies vs. non-lifetime benefit period policies.

Please note that we are not attempting to recoup past losses for the poor 2010-2012 experience. This rate increase is solely intended to get experience back in line with what was projected in our 2010 rate increase filing for years 2013 and forward. An exhibit comparing the projection from our 2010 filing with our current projection of future business is attached.

We intend to reduce the potential burden of this rate increase by offering policyholders the option to downgrade their coverage to keep the premium rate more affordable. Most policyholders will receive pre-programmed downgrade offers in the rate increase notification letter that would allow them to reduce their premium rate by choosing to increase their elimination period or decrease their benefit period. Policyholders will also be informed that they may call in to our customer service line to discuss other downgrade options as well if they would like to lower their premium rate. It is likely, in many cases, that policyholders who choose to downgrade from a lifetime benefit period could end up paying approximately what they pay today after the increase. Premium rates for lifetime benefit period plans are roughly 15-20% higher than rates for five year benefit period plans and 25-30% higher than rates for four year benefit period plans. Four and five year benefit periods are still rich plans that provide substantial long term care benefits.

As we did when rates were increased in 2010, we will again be providing a contingent non-forfeiture benefit to all policyholders regardless of whether or not their policy covers this benefit. This non-forfeiture benefit would be in the form of a shortened benefit maximum amount/period equal to the amount of premium the policyholder paid in over the lifetime of the policy should the policyholder lapse coverage within 120 days

Medico™ Insurance Company (formerly Mutual Protective Ins Co)  
Ability Insurance Company (formerly Medico™ Life Insurance Company)  
Omaha, Nebraska  
Actuarial Memorandum - Individual A&H Rate Filing  
Virginia Long Term Care Policy Forms and Riders  
Virginia

following the effective date of the rate increase. This benefit will not be reduced by prior claims, although the maximum non-forfeiture benefit will be limited to the remaining maximum benefit amount under the policy.

We recognize this is a large increase to request at one time. We believe it is in the policyholder's best interest to know up front how much of an increase is necessary as it allows them to make an informed decision regarding keeping their current level of coverage inforce, downgrading their policy to lower their premium or choosing the non-forfeiture option. Any delay in this filing via staged partial implementation schedules or because of reductions in the proposed rates, would likely magnify the cumulative total rate increase percentage needed over time for this group of policies.

5. Rate Justification Standard - Minimum Loss Ratio

This filing demonstrates that both the projected future loss ratio and the anticipated lifetime loss ratio are higher than the minimum loss ratio required for long term care policy forms.

6. Rate Increase History

Shown below are the approval dates and the percentage of past rate increases in your state:

Date	3358	692	694
05/07/02	20% / n/a	20% / n/a	20% / 0%
09/02/04	20% / n/a	20% / n/a	20% / 20%
07/10/06	10% / n/a	20% / n/a	20% / 0%
4/21/11**	31.8%	31.8%	31.8%

\* Rate increases for policies originally issued by Medico Insurance Company are shown on the left side and rate increases for policies originally issued by Ability Insurance Company are shown on the right. The "n/a" is shown for forms in which there are no inforce policies for that form and company in your state.

\*\* The 2010 rate increase ranged from 10.0%-40.0% depending on the issue age. The overall average rate increase was 31.8%.

7. Projection Assumptions

The following assumptions were used in order to generate the present value of future premium and claims and their loss ratio.

a. Assumptions that are unchanged from the 2010 rate filing:

Interest - An effective annual rate of interest of 4.50% has been assumed for accumulating past experience and discounting projected future experience.

Terminations – The 1994 GAM mortality table along with an annual voluntary termination rate of 1.5% have been assumed for projecting the inforce into the future.

Experience Data Credibility - The requested rate revision is based on nationwide experience since that gives us the maximum credibility.

b. Assumptions that have been revised since the 2010 rate filing:

Claim Cost Guidelines – Morbidity costs were projected based on claim costs from the 2009 Milliman Long Term Care guidelines with adjustments for actual experience.

A/E Adjustments – Actual versus expected experience was analyzed for each block of business and morbidity adjustment factors were developed. Over the past three years, the actual morbidity was approximately 1.21 times higher than indicated by the new claim cost guidelines. The projection grades that factor down to about 1.02 over the next 15-20 years.

Medico™ Insurance Company (formerly Mutual Protective Ins Co)  
Ability Insurance Company (formerly Medico™ Life Insurance Company)  
Omaha, Nebraska  
Actuarial Memorandum - Individual A&H Rate Filing  
Virginia Long Term Care Policy Forms and Riders  
Virginia

Morbidity Improvement – Morbidity improvement of 0.5% per year was assumed in the projection to account for the expectation that individuals will become healthier due to advances in health care.

Premium Rate Increase - The actual effective dates of the rate increase nationwide will vary depending on state approval dates. For projection purposes, the average nationwide requested premium rate revision of 40% on policies with a non-lifetime benefit period and 80% on policies with a lifetime benefit period has been assumed with a beginning effective date of October 1, 2013 and graded in over five quarters. For all years thereafter, no annual rate increases have been assumed.

#### 8. Past Experience

The attached exhibit shows the past experience for the business. The experience is through December 31, 2012 and is based on nationwide experience. The return of premium riders were excluded from the experience. The accumulated value of past earned premium is \$2,573,665,648 and the accumulated value of past incurred claims is \$1,607,061,105. This results in a loss ratio of 62.4%.

#### 9. Projected Future Experience

The future experience has been generated for 50 years using the business in force as of December 31, 2012. Adjustments have been made to the experience by applying the termination rates and rate increase assumptions as shown in the Projection Assumptions section. The present value of future earned premium is \$790,385,437 and the present value of future incurred claims is \$1,156,961,406. This results in a loss ratio of 146.4%.

This filing is intended to return the future experience of this block to the level projected in 2010. As shown in the attached exhibit, this rate increase, if approved as assumed would result in the following as compared to the 2010 filing:

Projection Years 2013+	2010 Filing	Current Projection Without Increase	Current Projection With Increase
PV Future EP (in millions)	\$558.9	\$516.2	\$790.4
PV Future Claims (in millions)	\$922.8	\$1,139.2	\$1,157.0
PV Future (EP – Claims) (in millions)	-\$363.9	-\$623.1	-\$366.6

#### 10. Anticipated Lifetime Loss Ratio

The anticipated lifetime loss ratio is defined as the sum of the present value of past and projected incurred claims divided by the sum the present value of past and future earned premium. These values are summarized below:

Experience Period	Earned Premium	Incurred Claims	Loss Ratio
Past Years	2,573,665,648	1,607,061,105	62.4%
Projected Future	790,385,437	1,156,961,406	146.4%
Anticipated Lifetime	3,364,051,085	2,764,022,511	82.2%

The projected future loss ratio and the anticipated lifetime loss ratio are both greater than the required minimum loss ratio of 60%. This demonstrates that the premium and claims experience meets the minimum loss ratio requirements.

11. Actuarial Certification

I hereby certify that, to the best of my knowledge and judgment, the rate filing is in compliance with the applicable laws and regulations of this Commonwealth and the premiums are reasonable in relation to the benefits provided in accordance with 14VAC5-130-70 B 14.

Vice President

Medico™ Insurance Company (formerly Mutual Protective Ins Co)  
Ability Insurance Company (formerly Medico™ Life Insurance Company)  
Omaha, Nebraska  
Actuarial Memorandum - Individual A&H Rate Filing  
Virginia Long Term Care Policy Forms and Riders  
Virginia

1. Purpose of Filing

The purpose of this filing is to demonstrate that the anticipated lifetime loss ratio of these forms meets the minimum state requirements in light of the included rate increase request. It is not intended for any other purpose.

2. Scope of Filing

This filing applies to the Virginia Long Term Care Policy Forms and Riders as shown in the 'Benefits' section. The forms were marketed by independent agents but are not available for sale anymore. This rate revision applies only to inforce business. We are requesting a 40% increase on policies with a non-lifetime benefit period and an 80% increase on policies with a lifetime benefit period. The distribution of inforce business (excluding policies in paid up status) as of 12/31/2012 is as follows:

	Benefit Period	Inforce Policies	Inforce Annual Premium	Avg. Annual Premium (Current Rates)	Avg. Annual Premium (Proposed Rates)
Virginia	Non-Lifetime	71	\$ 138,513	\$1,951	\$2,731
Virginia	Lifetime	156	\$ 379,369	\$2,432	\$4,378
Nationwide	Non-Lifetime	15,248	\$29,576,600	\$1,940	\$2,716
Nationwide	Lifetime	22,239	\$50,218,237	\$2,258	\$4,064

Please note that the variation in each state's average annual premium is impacted by many factors. Examples of such factors - both demographic and policy benefit choices - include average issue age, average daily benefit amount, prevalence of inflation protection, distribution of benefit periods and elimination periods, optional benefits chosen, percentage of policies with marital discounts and underwriting factors, etc.

Note that prior to 2010, separate Actuarial Memoranda by company was filed in your state. We believe it is appropriate to combine both companies into one Actuarial Memorandum in this filing. The reason for this is that the vast majority of policies have novated from Medico Insurance Company to Ability Insurance Company. This means that the experience exhibits by company would look unusual due to some policyholders being included with Medico Insurance Company data for most years and then being included with Ability Insurance Company data beginning in 2009. Currently, over 95% of policyholders that were once covered by Medico Insurance Company have since novated over to Ability Insurance Company. Because of these reasons, and the fact that the policy forms included in this filing are essentially identical for both companies, we believe it is appropriate to combine the experience of both companies for this filing.

3. Benefits

These policies and corresponding riders cover Long Term Care expenses and have been grouped for rating purposes.

**Policy Form 3358 and Rider Forms UR2038, UR2048, UR275, and UR589R:** Developed in the latter part of 1987, Form 3358 provides benefits for Nursing Home Care and Adult Day Care. The policy also has a provision for Waiver of Premium. The policy pays \$20 a day for maximum of 180 days of Adult Day Care. Three riders were optionally available. UR2048 provides inflation protection (Nursing Home Care Only). UR275 deletes the occurrence maximum and increases the lifetime maximum to 5, 10, or unlimited years. UR2038 and UR589R provide Home Health Care benefits.

**Policy Form LT692:** Developed in 1992, Form LT692 provides benefits for Nursing Home Care and Adult Day Care. The policy also has provisions for Waiver of Premium and Survivorship (if both husband and wife have LT692 policies). Additional benefits include bed reservation, alternate plan of care, deferred purchase of inflation coverage, and extended period of reinstatement due to a lapse related to cognitive impairment suffered at time of lapse. The policy pays a daily benefit for Nursing Home Care and Adult Day Care up to 33% of the policy daily benefit.

**Policy Form LT694 and Rider Forms UR268C, UR287:** Developed in 1996, Form LT694 provides benefits for Nursing Home Care, Alternative Care, Assisted Living Care, and Adult Day Care. The policy also has provisions for Waiver of Premium. Additional benefits include care giver training, bed reservation, extended

period of reinstatement due to a lapse related to cognitive impairment suffered at time of lapse, and restoration of benefits. The policy pays a daily benefit for Nursing Home Care, Alternative Care, Assisted Living up to 50% of the policy daily benefit (80% if care coordinator used), and Adult Day Care up to 50% of the policy daily benefit and lifetime maximum. UR268C increases the policy daily benefit by 5% of the previous year's daily benefit. UR287 removes the non-duplication of Medicare benefits.

4. Rate Increase Request, Reasons for and Expected Effect on Premiums

We are requesting a 40% increase on policies with a non-lifetime benefit period and an 80% increase on policies with a lifetime benefit period. We notify policyholders 60 days in advance before implementing a rate increase so it is expected that this rate revision will be implemented approximately 70 days following the approval of this increase.

This rate increase is necessary because projected future morbidity has changed from what was anticipated when the most recent nationwide rate adjustment was requested in 2010. There are several reasons for this change in projected future morbidity:

- The actual 2010-2012 morbidity experience is considerably poorer than projected experience from the 2010 rate increase filing that was submitted in your state.
- New claim cost guidelines were implemented to better reflect future expected experience. These new claim costs are generally higher than the original pricing claim costs.
- Actual versus expected experience was analyzed for each block of business and morbidity adjustment factors were developed. Over the past three years, the actual morbidity was approximately 1.21 times higher than indicated by the new claim cost guidelines. The projection grades that factor down to about 1.02 over the next 15-20 years.
- Morbidity improvement of 0.5% per year was also assumed in the projection to account for the expectation that individuals will become healthier due to advances in health care.

The larger requested increase on our lifetime benefit period policies is due to inequities between our current premium rates by benefit period and the claims experience on the lifetime benefit plan. Furthermore, the new claim cost guidelines are consistent with the past experience of lifetime benefit period policies vs. non-lifetime benefit period policies.

Please note that we are not attempting to recoup past losses for the poor 2010-2012 experience. This rate increase is solely intended to get experience back in line with what was projected in our 2010 rate increase filing for years 2013 and forward. An exhibit comparing the projection from our 2010 filing with our current projection of future business is attached.

We intend to reduce the potential burden of this rate increase by offering policyholders the option to downgrade their coverage to keep the premium rate more affordable. Most policyholders will receive pre-programmed downgrade offers in the rate increase notification letter that would allow them to reduce their premium rate by choosing to increase their elimination period or decrease their benefit period. Policyholders will also be informed that they may call in to our customer service line to discuss other downgrade options as well if they would like to lower their premium rate. It is likely, in many cases, that policyholders who choose to downgrade from a lifetime benefit period could end up paying approximately what they pay today after the increase. Premium rates for lifetime benefit period plans are roughly 15-20% higher than rates for five year benefit period plans and 25-30% higher than rates for four year benefit period plans. Four and five year benefit periods are still rich plans that provide substantial long term care benefits.

As we did when rates were increased in 2010, we will again be providing a contingent non-forfeiture benefit to all policyholders regardless of whether or not their policy covers this benefit. This non-forfeiture benefit would be in the form of a shortened benefit maximum amount/period equal to the amount of premium the policyholder paid in over the lifetime of the policy should the policyholder lapse coverage within 120 days following the effective date of the rate increase. This benefit will not be reduced by prior claims, although the maximum non-forfeiture benefit will be limited to the remaining maximum benefit amount under the policy.

We recognize this is a large increase to request at one time. We believe it is in the policyholder's best interest to know up front how much of an increase is necessary as it allows them to make an informed

decision regarding keeping their current level of coverage inforce, downgrading their policy to lower their premium or choosing the non-forfeiture option. Any delay in this filing via staged partial implementation schedules or because of reductions in the proposed rates, would likely magnify the cumulative total rate increase percentage needed over time for this group of policies.

5. Rate Justification Standard - Minimum Loss Ratio

This filing demonstrates that both the projected future loss ratio and the anticipated lifetime loss ratio are higher than the minimum loss ratio required for long term care policy forms.

6. Rate Increase History

Shown below are the approval dates and the percentage of past rate increases in your state:

Date	3358	692	694
05/07/02	20% / n/a	20% / n/a	20% / 0%
09/02/04	20% / n/a	20% / n/a	20% / 20%
07/10/06	10% / n/a	20% / n/a	20% / 0%
4/21/11**	31.8%	31.8%	31.8%

\* Rate increases for policies originally issued by Medico Insurance Company are shown on the left side and rate increases for policies originally issued by Ability Insurance Company are shown on the right. The "n/a" is shown for forms in which there are no inforce policies for that form and company in your state.

\*\* The 2010 rate increase ranged from 10.0%-40.0% depending on the issue age. The overall average rate increase was 31.8%.

7. Projection Assumptions

The following assumptions were used in order to generate the present value of future premium and claims and their loss ratio.

a. Assumptions that are unchanged from the 2010 rate filing:

Interest - An effective annual rate of interest of 4.50% has been assumed for accumulating past experience and discounting projected future experience.

Terminations – The 1994 GAM mortality table along with an annual voluntary termination rate of 1.5% have been assumed for projecting the inforce into the future.

Experience Data Credibility - The requested rate revision is based on nationwide experience since that gives us the maximum credibility.

b. Assumptions that have been revised since the 2010 rate filing:

Claim Cost Guidelines – Morbidity costs were projected based on claim costs from the 2009 Milliman Long Term Care guidelines with adjustments for actual experience.

A/E Adjustments – Actual versus expected experience was analyzed for each block of business and morbidity adjustment factors were developed. Over the past three years, the actual morbidity was approximately 1.21 times higher than indicated by the new claim cost guidelines. The projection grades that factor down to about 1.02 over the next 15-20 years.

Morbidity Improvement – Morbidity improvement of 0.5% per year was assumed in the projection to account for the expectation that individuals will become healthier due to advances in health care.

Premium Rate Increase - The actual effective dates of the rate increase nationwide will vary depending on state approval dates. For projection purposes, the average nationwide requested premium rate revision of 40% on policies with a non-lifetime benefit period and 80% on policies with a lifetime benefit period has been

Virginia

assumed with a beginning effective date of October 1, 2013 and graded in over five quarters. For all years thereafter, no annual rate increases have been assumed.

8. Past Experience

The attached exhibit shows the past experience for the business. The experience is through December 31, 2012 and is based on nationwide experience. The return of premium riders were excluded from the experience. The accumulated value of past earned premium is \$2,573,665,648 and the accumulated value of past incurred claims is \$1,607,061,105. This results in a loss ratio of 62.4%.

9. Projected Future Experience

The future experience has been generated for 50 years using the business in force as of December 31, 2012. Adjustments have been made to the experience by applying the termination rates and rate increase assumptions as shown in the Projection Assumptions section. The present value of future earned premium is \$790,385,437 and the present value of future incurred claims is \$1,156,961,406. This results in a loss ratio of 146.4%.

This filing is intended to return the future experience of this block to the level projected in 2010. As shown in the attached exhibit, this rate increase, if approved as assumed would result in the following as compared to the 2010 filing:

Projection Years 2013+	2010 Filing	Current Projection Without Increase	Current Projection With Increase
PV Future EP (in millions)	\$558.9	\$516.2	\$790.4
PV Future Claims (in millions)	\$922.8	\$1,139.2	\$1,157.0
PV Future (EP – Claims) (in millions)	-\$363.9	-\$623.1	-\$366.6

10. Anticipated Lifetime Loss Ratio

The anticipated lifetime loss ratio is defined as the sum of the present value of past and projected incurred claims divided by the sum the present value of past and future earned premium. These values are summarized below:

Experience Period	Earned Premium	Incurred Claims	Loss Ratio
Past Years	2,573,665,648	1,607,061,105	62.4%
Projected Future	790,385,437	1,156,961,406	146.4%
Anticipated Lifetime	3,364,051,085	2,764,022,511	82.2%

The projected future loss ratio and the anticipated lifetime loss ratio are both greater than the required minimum loss ratio of 60%. This demonstrates that the premium and claims experience meets the minimum loss ratio requirements.

11. Actuarial Certification

I hereby certify that, to the best of my knowledge and judgment, the assumptions presented are expected to develop and are consistent with the company's business plan at the time of the filing, the anticipated lifetime loss ratio and future loss ratio both exceed the applicable ratio, the filed premium rates maintain the proper relationship between policies which had different rating methodologies, and the filing was prepared based on the current standards as promulgated by the Actuarial Standards Board including Standard No. 8 'Regulatory Filings for Health Plan Entities' and Standard No 23, the 'Data Quality' standard of practice.
